Date: Monday, February 6, 2023 9:42:27 PM

In this time of climate crisis, trees are an important factor in maintaining a healthy planet.

Trees contribute to the health and well-being of our community. They reduce air and water pollution. They reduce heating and cooling costs and they make our city a city of beauty. And, older trees sequester more carbon — and provide more temperature regulation than smaller and newer plantings.

Please, please vote to save the trees.

Sincerely,
Amrita Burdick

Humanity is my Family!
