Dear Public Testimony Public Testimony,

Please vote in favor of Resolution #230257 and keep adopt the KC Spirit Playbook.

Our family has a single car and we often walk or bicycle when going places (school, work, shopping, friend's houses), and improving the safety of Kansas City's streets would greatly benefit us in our everyday lives. For example, I often ride my bike with our 6-year-old daughter along Harrison Street in the South- and Cental- Hyde Park neighborhoods, along which cars travel in excess of 40 mph and which requires us to make a dangerous crossing at 39th street. I think that following the Complete Streets Design Guide would help tremendously in making streets safer, especially with it's concentration on creating safe transit networks that are connected throughout the city.
