Dear Public Testimony Public Testimony,

Please vote in favor of Resolution #230257 and keep the mobility recommendations in place and unchanged. Kansas City and the surrounding metro area has made great strides in fostering its transit systems, and I would like to see them grow further, especially the pedestrian and bicycle network for those that may not have the ability to drive or own a vehicle, or those that don't want to own a vehicle.

In addition, items listed in the plan, such as complete streets, could increase the overall safety of the transportation system by ensuring that all users, regardless of their choice of transportation, has a place on the street.

Regards,
Colin Keller
