October 17, 2023

Project Name

Westside Heritage Urban Renewal Plan

Docket #15**Request**

CD-CPC-2023-00141
Tax Incentive Plan

Applicant

Robert Long
EDCKC

Owner

Various

Location	Various
Area	About 736 acres
Zoning	Various
Council District	4 th
County	Jackson
School District	KCMO 110

Major Street Plan

There are various streets located in the plan area varying from established boulevard to local link.

Land Use Plan

The Plan Area is located in the Greater Downtown Area Plan.

APPROVAL PROCESS**PROJECT TIMELINE**

The application for the subject request was filed on 08/14/2023. No Scheduling deviations from 2023 Cycle R have occurred.

NEIGHBORHOOD AND CIVIC ORGANIZATIONS NOTIFIED

The proposed project lies within multiple neighborhood association boundaries.

REQUIRED PUBLIC ENGAGEMENT

Public engagement as required by 88-505-12 does not apply to this request.

EXISTING CONDITIONS

The proposed plan area is approximately 736 acres. The existing area consists of residential, commercial, and industrial uses in an area that has seen a decline in population, disinvestment, and physical deterioration.

SUMMARY OF REQUEST + KEY POINTS

The applicant is seeking approval of the Westside Heritage Urban Renewal Plan and declare the area blighted and insanitary and in need of redevelopment and rehabilitation as required by the Land Clearance for Redevelopment Authority Law of Missouri, Section 99.300 on about 736 acres generally bounded by I-670 on the north, Broadway/Southwest Boulevard/Southwest Trafficway on the east, W 31st Street on the south, and the Stateline/25th Street/Kansas City Terminal Railway tracks on the west.

CONTROLLING + RELATED CASES

Ordinance No. 220806 approving the Westside Owner-Occupant Residential Property Chapter 353 Development Plan of Census Tract 153 generally bounded by Interstate 670 and W 25th Street to the north, Broadway Boulevard, Southwest Boulevard, and Summit Street/Southwest Trafficway to the east, and W. 31st Street to the south and certain railroad tracks, and the Kansas-Missouri state line to the west; declaring the area in the Plan to be blighted; authorizing certain tax abatements within the plan area; and authorizing the execution of a redevelopment agreement. Approved by City Council 09/29/2022.

PROFESSIONAL STAFF RECOMMENDATION

Docket #15 Approval with Conditions

PLAN REVIEW

The proposed Plan Area includes 736 acres of property. The overall goal of the tax incentive plan is to correct substandard housing and building conditions, support neighborhood revitalization and stabilization without displacement of long term LMI homeowners, preserve affordable housing owned, leased, and occupied by long term (10+ years or more) residents, and to promote vacant land held by long term homeowners that provide ecological and social value. The properties within the Plan Area will need to meet 4 (four) criteria to be eligible for the tax abatement, the four criteria are listed on page 6 of the submitted plan document (attached as Exhibit 2). Any tax abatement awarded shall terminate upon the sale, transfer, or lease to non-family persons or entities or if the dwelling is demolished.

The proposed Plan includes design objectives and controls that include building design objectives, parking, signage, street, pedestrian walkways, open space, general maintenance, and zoning. To comply with zoning, projects meeting the criteria listed in the plan will need to receive approval of a rezoning to UR, development plan, and final UR plan from the City Planning and Development Office.

AREA PLAN

The Plan Area is in the Greater Downtown Area Plan. The area plan recommends the retention and promotion of safe, authentic neighborhoods by ensuring new development fits in the area, provides affordable housing, prevent displacement and ensure that any changes in the urban fabric reflect the strength of the existing cultural characteristics of the neighborhood, mixed-use community, parks, and institutional uses for the area.

KC SPIRIT PLAYBOOK

The Plan conforms to the KC Spirit Playbook by promoting the Displacement Mitigation objective by employing measures to minimize and prevent displacement and assist with the formation of community coalitions in impacted neighborhoods. The Plan also promotes the Housing Affordability and Diversity objective. By preserving existing housing and coordinating tax incentives with other resources to support the improvement of housing stock in targeted areas.

BLIGHT ANALYSIS

City Staff does not comment on whether the site is blighted or not. The applicant submitted the same blight study that was used for the review and approval of the Westside Owner-Occupant Residential Property Chapter 353 Development Plan of Census Tract 153 (Ordinance No. 220806).

PROFESSIONAL STAFF RECOMMENDATION

City staff recommends **APPROVAL WITH CONDITIONS** as stated in the conditions report.

By Ordinance 16120 of November 21, 1952, the City Council of the City of Kansas City authorized and created the Land Clearance for Redevelopment Authority of Kansas City, Missouri under the Land Clearance for Redevelopment Authority Law, Section 99.300 et. seq. R.S. Mo. Section 99.310 of such Law, the Declaration of Policy, states:

"It is hereby found and declared that there exists in municipalities of the state insanitary, blighted, deteriorated and deteriorating areas which constitute a serious and growing menace injurious to the public health, safety, morals and welfare of the residents of the state; that the existence of these areas contributes substantially and increasingly to the spread of disease and crime, necessitating excessive and disproportionate expenditures of public funds for the preservation of the public health and safety, for crime prevention, correction, prosecution, punishment and the treatment of juvenile delinquency and for the maintenance of adequate police, fire and accident protection and other public services and facilities, constitutes an economic and social liability, substantially impairs or arrests the sound growth of communities and retards the provisions of housing accommodations; that this menace is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operation of private enterprise without the aids herein provided; that the elimination or prevention of the detrimental conditions in such areas, the acquisition and preparation of land in or necessary to the development, renewal or rehabilitation of such areas and its sale of lease for development, renewal or rehabilitation in accordance with general plans and redevelopment or urban renewal plans of communities and any assistance which may be given by any public body in connection therewith are public uses and purposes for which public money may be expended and private property acquired; and that the necessity in the public interest for the legislative determination; and that certain insanitary, blighted, deteriorated or deteriorating areas, or portions thereof, since the prevailing condition of or decay may make impractical the reclamation of the area by conservation or rehabilitation, but other areas or portions thereof, through the means provided in this law may be susceptible to conservation or rehabilitation in such manner that the conditions and evils herein before enumerated may be eliminated, remedied or prevented, and to the extent feasible, conserved and rehabilitated by the voluntary action and the regulatory process. A municipality, to the greatest extent that it determines to be feasible in carrying out the provisions of this law, shall afford maximum opportunity, consistent with the sound needs of the municipality as a whole, to the redevelopment or rehabilitation or renewal of areas by private enterprise."

WESTSIDE HERITAGE URBAN RENEWAL PLAN

EXECUTIVE SUMMARY

PROPONENTS	Hispanic Economic Development Corporation
LOCATION	The Plan Area is generally bounded by I-670 on the north, Broadway/Southwest Boulevard/Southwest Trafficway on the east, W 31 st Street on the south, and the Stateline/ 25 th St./Kansas City Terminal Railway tracks on the west.
AREA PLAN	Greater Downtown Area Plan
COUNCIL DISTRICT	4 th District—Councilman Eric Bunch. 4 th District—Councilman Crispin Rea
PROJECT	The intent of the Westside Heritage Urban Renewal Plan is to stabilize and maintain the presence of long-term low- and moderate-income homeowners and long-term homeowners.
OBJECTIVES	Adoption of the Westside Heritage Urban Renewal Plan will: • Correct substandard housing and building conditions, • Support neighborhood revitalization and stabilization without displacement of long term LMI homeowners • Preserve affordable housing owned, leased, and occupied by low/moderate income, long term (10+ years or more) residents • Promote vacant land held by long term homeowners that provide ecological and social value
LCRA ASSISTANCE	Assistance anticipated by the Proponent includes: • Tax Abatement
BLIGHT STUDY	On behalf of the Proponents, an inter-disciplinary team from UMKC documented physical conditions in the Plan Area that constituted blighted or insanitary conditions.

I. DESCRIPTION OF THE PROJECT

This Plan Summary, Authority Policy implemented by this Plan, and all exhibits hereto, taken together, shall constitute the Westside Heritage Urban Renewal Plan (the “Plan”) for the Westside Heritage Urban Renewal Area (the “Plan Area”).

The Plan is located within the Greater Downtown Area Plan prepared by the Planning and Development Department of the City of Kansas City, Missouri (the “City”). The Greater Downtown Area Development Plan (adopted March 11, 2010 by Resolution No. 121046) recommends retain and promote safe, authentic neighborhoods by ensuring new development is designed to fit, provide affordable housing, prevent displacement and ensuring changes in the urban fabric reflect the strength of the existing cultural characteristics of the neighborhood, mixed-use community, parks, and institutional uses for the area within the Westside neighborhood.

The Westside neighborhood is part of Kansas City’s west quadrant, lying approximately 1 mile southwest of the Central Business District. The Hispanic Economic Development Corporation is a Missouri non-profit corporation consisting of residents, businesses and partners working to ensure the diverse and historic Westside neighborhoods are vibrant, healthy, and sustainable. The Westside Neighborhood Association is an umbrella organization comprised of four separate neighborhoods (The Hill, North End, Central and Sacred Heart). A depiction of the Westside neighborhood area is attached hereto as Exhibit A-3.

The Westside Neighborhood is one of the oldest neighborhoods in Kansas City, Missouri. The history of the area dates back to long before KC was even a city in 1850. The Westside Neighborhood thrived for many years, due in large part to the proximity to West Bottom industrial districts that included the meat packing houses and railroads that offered good-paying jobs. The Westside Neighborhood was densely populated and vibrant, but started to decline after the 1950 flood as manufacturers and distributors began relocating to more modern suburban industrial and business parks. The associated jobs also left the area, dramatically weakening the economic base of the neighborhood.

The Westside neighborhood was also affected by major public infrastructure projects throughout the 1950s to the 1970s. Many long-term residents were forced from their homes when Interstate 35 was built, cutting off the eastern and southern portions from direct contact with the rest of the neighborhood. Interstate 670 destroyed part of the northern portion of the neighborhood and cutoff the neighborhood from the Downtown business district. Southwest Trafficway cut off access to Penn Valley Park and the Midtown neighborhoods. These changes forced longtime residents that could move to leave for more suburban areas, following jobs and better schools. This out-migration of working-class and middle-income families depressed property values, which made the Westside Neighborhood more affordable to Latino's and lower-income families.

Today, the Westside Neighborhood is among the challenged neighborhoods in the metropolitan area. With an aging population, it is also impacted by gentrification, nuisance properties, and boarded-up houses. There has been an influx of new higher-income residents, many of whom have built large contemporary homes that contrast starkly with the modest older homes owned by their long-term, low- and moderate-income neighbors. Many of the Hispanic neighborhood-oriented businesses, clustered along Southwest Boulevard, seem marginal and unkempt to commuters and non-residents.

In order to prevent widespread gentrification and the displacement of long-term neighborhood residents, the Hispanic Economic Development Corporation, residents, and other community organizations are working to create a Community Land Trust for the purpose of ensuring long-term affordability of housing throughout the neighborhood.

To revitalize and stabilize the Westside Neighborhood, the Plan's proponents believe that assistance from the Land Clearance for Redevelopment Authority (the "Authority"), consisting of real property tax abatement, will present opportunities to stabilize the Westside neighborhood by stimulating and facilitating private investment in both commercial and residential uses and building upon the architectural appeal, property values and ethnic diversity of the neighborhood.

In order to stabilize and maintain the presence of long-term, low- and moderate-income homeowners within the Plan Area, the Authority, in consultation with the Plan's proponents, sets forth the following eligibility and minimum investment criteria for the implementation of the Plan by eligible applicants:

1. Homeowners must demonstrate that they have owned and resided in the property for at least ten (10) consecutive years prior to the date of application for tax abatement;
2. Eligible homeowners must document that they meet the criteria as a low- or moderate-income person at the time of application for tax abatement;
3. Eligible homeowners must document that at least \$3,500.00 of physical improvements (notwithstanding the requirements of the Authority's Workable Program) have been or is the process of being completed at the time of application for tax abatement; and, further,
4. That at least 25% of funds spent are for improvements made or being made for exterior physical improvements.

These criteria are intended to reduce or eliminate the economic pressure of the ongoing gentrification of the Westside on the existing long-term, low- or moderate-income homeowners in the Plan Area.

The following types of entities shall also be eligible for tax abatement under the specified conditions:

1. Mixed-use properties with two (2) or more apartments and multifamily properties shall be eligible for property tax abatement if 50% or more of the apartments are leased to low- or moderate-income residents at the time of application and throughout the term of the tax abatement;
2. Rental single-family homes owned by long-term residents and occupied by low- or moderate-income residents of a family member;
3. Commercial properties owned by long-term (10 or more years) residents of the Westside neighborhood;
4. Vacant land owned by long-term, low- or moderate-income residents, provided, however, said vacant land must remain vacant throughout the term of the tax abatement except for the property owners use for agricultural uses; and
5. Any property placed into a community land trust intended for the creation or preservation of affordable housing.

The additional eligible property owners are intended to stabilize and maintain existing affordable rental housing, protect commercial properties owned by long-term

neighborhood residents, reduce economic pressures on long-term, low- or moderate-income residents that own vacant land, and to encourage the maintenance and expansion of the number of affordable housing units within the Plan Area.

Property owners that do not meet these criteria shall not be eligible for tax abatement under the provisions of this Plan. Any tax abatement awarded shall terminate upon the sale, transfer, or lease to non-family persons or entities or if the dwelling is demolished. Projects seeking tax abatement under the provisions of this Plan must be approved within five years of the date of this Plan's approval by City Council.

The Authority has considered and determined that the development, land use, and building requirements proposed by the Plan for the Westside Heritage Urban Renewal Area is designed with the general public purpose to accomplish, in harmony or conformance with the Greater Downtown Area Plan and the Kansas City Spirit Playbook, the City's adopted comprehensive master plan, a coordinated, adjusted and harmonious development of the community and of its environs. The Authority has further considered and determined that such development will promote the health, safety, morals, order, convenience, prosperity and the general welfare of the community, in addition to efficiency and economy in the development process. The Authority has further considered and determined that the proposed redevelopment and revitalization activities, which will be in conformance with all existing zoning and building codes, will make adequate provision for traffic, vehicular parking, the promotion of safety from fire, panic and other dangers, adequate provision for light and air, the promotion of healthful and convenient population distribution, the provision of adequate transportation, water, sewerage, and other public utilities, schools, parks, recreational and community facilities and other requirements, the promotion of sound design and arrangement, the wise and efficient expenditure of public funds, the prevention of the recurrence of insanitary and unsafe dwelling accommodations or insanitary areas or conditions of blight or deterioration, and the provision of adequate, safe and sanitary dwelling accommodations.

Location

The Plan is located within the 4th Council District of the City of Kansas City, Missouri. Refer to Exhibit A-1 for a map of the Plan Area, Exhibit A-2 for the legal description of the Plan Area.

Conformance to the Comprehensive Plan

The Plan is located within Greater Downtown Area Plan prepared by the City Planning and Development Department of the City of Kansas City, Missouri (the “City”). The Greater Downtown Area Plan covers all parcels associated with the Westside Heritage Urban Redevelopment Plan. The Greater Downtown Area Plan recommends a mixture of low-, medium-, and medium-high density residential, institutional, parks, and mixed-use community uses within the Westside Neighborhood. It will not be necessary to modify the land uses cited in the Greater Downtown Area Plan for this Urban Redevelopment Plan to be in conformance with the recommended land use cited in the Greater Downtown Area Plan. Refer to Exhibit B for a map of the current land uses. Refer to Exhibit C for a map of the proposed land uses for the Westside Heritage Urban Redevelopment Plan, which matches Exhibit B.

The Plan conforms to the KC Spirit Playbook; the City’s adopted comprehensive master plan, as it will specifically promote the following objectives:

- *Displacement Mitigation*
 - *DM-2 Assist with the formation of community coalitions in neighborhoods being impacted...by displacement due to gentrification...*
 - *DM-3 Employ measures to help minimize and prevent displacement...*
- *Housing Affordability and Diversity*
 - *HA-3 Preserve existing affordable housing*
 - *HA-8 Coordinate and layer tax incentives with other resources...to collectively support the improvement of housing stock in targeted areas*

II. FINDINGS

According to section 99.320(3) R.S.Mo of Missouri’s Land Clearance for Redevelopment Statute, a “blighted area” and “insanitary area” are defined as follows:

Blighted Area: *An area which by reason of the predominance of defective or inadequate street layout, insanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use; and,*

Insanitary: *An area in which there is a predominance of buildings and improvements which by reason of dilapidation, age or obsolescence, inadequate provision for ventilation, light, air, sanitation or open spaces, high density of population and overcrowding of buildings, overcrowding of land, or the existence of conditions which endanger life or property by fire and other causes, or any delinquency and crime or constitutes an economic or social liability and is detrimental to the public health, safety, welfare.*

Many, if not all, of the “blight” and “insanitary” conditions under Chapter 99 present in the proposed Westside Heritage Coalition Urban Renewal Area as a whole, which will most likely lead the legislative body to a finding that the proposed Plan Area is blighted.

A brief summary of the blight study findings found in Exhibit F reveals that all of the components of the Chapter 99 definitions were present. The following excerpt is from the blight study:

The Study Area suffers from numerous conditions that contribute to the existence of blight in the Westside Neighborhood. The presence of the various blighting conditions is summarized in the following paragraphs.

Deterioration of site improvements is apparent throughout the Study Area. Deterioration and aging are present in many primary structures, as well as in a number of outbuildings in the area. Site improvements in the Study Area often demonstrate roof and wall deterioration, poorly maintained exterior finishes, fascia deterioration, and deterioration of fences, walls, gutters, and stairways/steps. The presence of deterioration is a frequent occurrence, particularly among vacant parcels. There is a high rate of vacancy among parcels, with vacant parcels comprising 35% of the total parcels in the Study Area.

The presence of insanitary or unsafe conditions is the most prevalent blighting factor in the Study Area. Over 50% of the parcels surveyed in the Study Area exhibited conditions considered unsafe or insanitary, including the existence of trash/debris, weeds, cracked or uneven sidewalks, and graffiti. Additionally, at the time of the study there were 478 open 311 cases against parcels in the Study Area for property violations or other service requests made to the City. The presence of billboards also adds to the overall insanitary condition of the area as there are seven billboards with visible deterioration present in the Study Area.

The Kansas City Health Department notes that blighted areas lead to an increase in crime and likelihood of encountering environmental hazards. Addressing blight is a fundamental first step in tackling the overall community health concerns the Study Area is facing.

Crime data indicates that high crime rates are present within the Study Area and pose a danger to both life and property. Incidents of violent crime in the Study Area are 2.79 times more prevalent than in the City as a whole, and 9.07 times more prevalent than the State of Missouri. Incidents of property crime are 1.61 times higher in the Study Area than the City, and 2.58 times higher than the rate for the State of Missouri. Further, violent crime rates in the Study Area are 12.52 times higher than the national rate and property crime rates are 3.01 times higher than the national rate.

The inter-disciplinary team from the University of Missouri – Kansas City determined that, as of August 27, 2021, the proposed Westside Heritage Urban Redevelopment Area of Kansas City, Missouri, is a “blighted area” according to the definition provided in Missouri’s Land Clearance for Redevelopment Law in the Missouri Revised Statutes Chapter (RSMo. Ch. 99) and is a menace to the health, safety, morals, and welfare of the city. The Authority finds the Plan Area to be blighted in accordance with the section 99.320(3) R.S.Mo of Missouri’s Land Clearance for Redevelopment Statute. See Exhibit G for the Authority’s Finding of Blight.

See Exhibit G for the Authority’s Finding of Blight.

III. STATEMENT OF DEVELOPMENT OBJECTIVES

Local objectives to be achieved through the implementation of this Urban Renewal include the tax relief for current and long term residents who are providing affordable rentals, leases to low-moderate residents, long-term residents, and commercial/retail space for small business, the creation of a physical character and environment meeting desirable planning standards and the provision of controlled and orderly development in conformance with the recommended land use map and building and zoning codes of Kansas City, Missouri.

Development objectives to be met through the adoption of this Urban Renewal Plan include the following items:

- The program is intended to preserve and enhance the homes within the neighborhoods included in the Plan Area and thereby enhance the neighborhoods they're included in.
- To eliminate the adverse conditions which qualify the redevelopment project area as a blighted area and an insanitary area, within the meaning of the Land Clearance for Redevelopment Authority Law, and to prevent the recurrence of these conditions which constitute an economic and social liability, have impaired the provision of orderly residential development, and which impair the tax base and general welfare of the community.
- To provide, in harmony with the general plan for the community, a coordinated, adjusted and harmonious development of the community and its environs.
- To promote the health, safety, order, convenience, prosperity and the general welfare of the community, as well as efficiency and economy in the process of development and the use of standards and controls which will ensure the sound development of the area.

The specific development objectives to be achieved through the implementation of this Urban Renewal Plan include the following major items:

- Stimulate and facilitate the preservation and creation of affordable housing options in cooperation with a community land trust.
- Stimulate and facilitate private investment by homeowners, nonprofit organizations and long-term neighborhood resident developers in new single-family housing on vacant residential lots within appropriately zoned areas.
- Stimulate and facilitate private investment by property owners, organizations in the preservation of existing single-family and multi-family housing that meet the needs of - and appeal to - both current neighborhood residents.
- Stimulate and facilitate private investment by existing and long-term (10+) retail businesses district on Southwest Boulevard, as well as the retention and sustainability of appropriately sized businesses, in existing commercial areas along both Southwest Boulevard that meet the shopping, dining, entertainment, and employment needs of neighborhood residents, commuters and other interested consumers.
- Preservation of land for environment and residential health of the community

IV. LAND USE PLAN

A. Current Land Use Plan

The Plan Area lies within the Greater Downtown Area Plan. The current land use for the Westside Neighborhood is a mixture of uses, which include parks, low, density residential, industrial mixed-use community, and institutional uses. For a depiction of these current land uses, see Exhibit B – Current Land Use.

B. Proposed Land Use Plan

The Greater Downtown Area Plan recommends the land uses to be a mixture of parks, low, medium, and density residential, mixed-use community, and institutional uses. For a depiction of the Greater Downtown Area Plan land use recommendations, see Exhibit C – Proposed Land Use.

It will not be necessary to modify the land uses proposed in the Greater Downtown Area Plan at this time. Individual projects may be required to amend the land use recommendations as they are brought forward for consideration.

C. Design Objectives and Controls

Overall design objectives are hereby established in order to achieve sound and attractive development within the Plan Area. All sites and building designs for redevelopment parcels to be assisted by the Authority will be subject to the Authority's "Design Review Process", described in Appendix 1.

1. Building Design Objectives

Building materials and color schemes shall be complementary to (as much as possible) those used on adjacent buildings within adjacent block(s). Buildings shall be designed to avoid creation of unarticulated, blank facades and to create architectural style and proportion sympathetic or complementary to existing structures so that new construction is an integral element of overall site design. While major changes in building scale shall be avoided whenever possible, some diversity of building scales should also be encouraged.

2. Parking Design Objectives

All off-street parking areas for commercial uses to be improved as part of a redevelopment project assisted by the Authority shall conform to the screening requirements of Chapter 88, Article IV of the City of Kansas City's Code of Ordinances. Redevelopers shall maintain parking facilities in an acceptable manner (weed and litter-free, plantings trimmed and maintained, all required lighting is operable, pavement cracks and defects are sealed or corrected, etc.) in conformance with the Plan.

3. Signage

Within the Plan Area, in exchange for tax abatement on any tracts owned by the owner or leaseholder of a freestanding outdoor advertising sign, the developer agrees to remove freestanding outdoor advertising signs prior to the approval of any property tax abatement by the Authority.

4. Street, pedestrian walkways and open space objectives

Each redevelopment proposal will, if required by the Development Services or the Department of Parks and Recreation, include provision of approved streetscape improvements. Such improvements may include

sidewalks, street trees (or other approved plantings) with adequate drainage and grates, and well-maintained curbs.

5. General maintenance:

General maintenance shall be required of all redevelopment parcels assisted by the Authority and shall include consistent upkeep and repair, removal of debris and litter, trimming of landscape materials, and weed removal. Structures damaged by fire must be repaired, or if repair is deemed infeasible, such structure shall be removed within 60 days of such calamity.

6. Zoning

The Plan Area is currently zoned a mixture of B1-1, B3-2, R-0.5, R-1.5, R-2.5, R-6, M 1-5, and UR. See Exhibit D- "Current Zoning" for details. See Exhibit E – "Proposed Zoning, which is identical to Exhibit D as no immediate changes are proposed.

While adoption of this Plan will require no other immediate changes in the zoning of the Plan Area, for purposes of implementation and in order to reinforce its objectives, developers will have to apply to the City for and obtain a UR zoning designation, when a project has 50 or more units or 40,000 sf or more in floor area.

V. URBAN RENEWAL TECHNIQUES TO BE USED TO ACHIEVE PLAN OBJECTIVES

With respect to implementation of the Westside Urban Renewal Plan, the following urban renewal techniques will be used to ensure positive economic and community development:

A. Tax Abatement

The Authority may provide tax abatement, or other forms of development assistance, to projects proposed by residents, organizations or business entities and which are in conformance with this Plan. No property will receive abatement or other incentives unless the applicant(s) demonstrates that: 1) all property taxes have been paid for all of the properties owned by or under the control of the applicant(s) and 2) that there are no unresolved code violations on any property located within the City of Kansas City, Missouri that is owned or controlled by the applicant, unless, however, the applicant's proposed project within the Plan Area shall correct

or remediate any code violation at the property within the Plan Area for which the applicant has been cited within the ninety (90) days prior to the submittal date of a Redevelopment Project Application. All commercial, retail, mixed-use, single-family and multi-family redevelopment projects seeking assistance from the Authority will follow the Authority's Workable Program. The projects will be evaluated to determine if public assistance is necessary to fulfill the objectives of the Plan. Any property being considered for a subsequent tax abatement must exhibit significant blight at the time of the second application and that at least five years shall have elapsed since the end of the previous tax abatement, provided, however, that said requirement that at least five years shall have elapsed may be waived or reduced by the Authority in the event of hardship circumstances.

A request for development assistance that exceeds standard Chapter 99 tax abatement (assessed valuation of property "frozen" for 10 years of abatement on the increased valuation of the property) shall be considered as a request for a minor modification of this Plan.

- (2) A Tax Cap, Not Reduction -Exception. Only future property tax increases can be restrained, current property taxes cannot be reduced.
- (3) Home Improvement. To qualify, exterior improvement are priority, but due the age of the homes in this area interior improvements will be included, an owner must first show evidence exterior and interior improvements with in the past two years or currently underway with a value of \$3,500 or more.
- (4) Administering Agency. The Land Clearance for Redevelopment Authority of Kansas City, Missouri shall, with the assistance of the Economic Development Corporation of Kansas City, Missouri, Inc., implement and administer this Plan.

Eminent Domain

Under the provisions of Section 99.420(4) R.S.Mo., the Authority is granted the power of eminent domain for the purposes of assisting in the implementation of approved redevelopment projects and/or the eradication of blight or insanitary

conditions. The Authority shall not exercise its power of eminent domain within the Plan Area.

VI. Workable Program

A. Workable Program and Rules for Implementation (Background).

1. On October 4, 2000, pursuant to Section 99.420(5) of the LCRA Law, the Authority adopted, as amended from time to time, The Workable Program of Land Clearance for Redevelopment Authority of Kansas City, Missouri ("Workable Program"), and the Rules for the Implementation of The Workable Program of Land Clearance for Redevelopment Authority of Kansas City, Missouri ("Rules for Implementation"), as a basis upon which to judge future Urban Renewal Plans and any proposed amendments to existing Urban Renewal Plans.
2. Sections 99.320(20) and (21) of the LCRA Law requires that Urban Renewal Plans adopted by the Authority and the City Council comply with the Workable Program.

B. Impact of the Workable Program on Applications for Benefits under this Urban Renewal Plan.

1. The Authority shall not grant to any person ("Applicant") any of the benefits ("LCRA Benefits") the Authority has the power to grant under the LCRA Law unless the Authority shall have first determined whether the project proposed by the Applicant ("Project"), for which the Applicant has applied to the Authority for LCRA Benefits, would not be economically viable without the granting of the LCRA Benefits sought by the Applicant.

C. Each Applicant shall submit an application ("Application") that shall include a Project budget and sufficient financial information to enable the Authority to determine whether the Project would not be economically viable without the granting of the LCRA Benefits sought by the Applicant. Each Application shall include such other information as required by the Workable Program and the Rules for Implementation.

D. Monitoring Urban Renewal Projects under this Urban Renewal Plan.

1. During the life of any LCRA benefits granted by the Authority to an Applicant, the Authority shall monitor the Project to assure that the City realizes the benefits to its tax and employment bases and physical

improvements (“Public Benefits”) of the Project promised by the Applicant when the LCRA Benefits were granted.

2. In the event the City does not, in the opinion of the Authority, realize the Public Benefits, then the Applicant shall be obligated to pay to the Authority a sum (“Liquidated Public Benefit”) equal to the value of the LCRA Benefits, which were realized by the recipient of those benefits.
3. If the Applicant shall demonstrate to the satisfaction of the Authority that the Public Benefits have not been realized due to unforeseen economic events, then the Authority may waive repayment of the Liquidated Public Benefit.

VII. PROPOSED FINANCING

The proponents and advocates of this Plan do not have any specific restoration, rehabilitation, or redevelopment projects under consideration at this time. It is not currently possible to estimate the number of residential properties, or their square footage, that may seek the Authority’s assistance for rehabilitation or new construction projects at this time. Although commercial properties represent a small portion of the Plan Area, it is not possible to estimate the number of properties, or their square footage, that may seek the Authority’s assistance for rehabilitation or new construction projects at this time. The nature, extent or cost of any potential public improvements or projects within the Plan Area has not been identified at this time. Construction plans and detailed cost estimates will be prepared as part of all Redevelopment Project Applications submitted for consideration by the Authority.

In conformance with Chap. 99.430(7) R.S.Mo., it is anticipated that private funding sources, including traditional debt financing and cash equity, will be used to help finance restoration, rehabilitation, and redevelopment projects within the Plan Area. It is possible that public financing sources, such as the U.S. Small Business Administration and/or the EDC Loan Corporation, may be utilized to partially finance individual commercial projects within the Plan Area. Federal and State historic tax credits, Federal and State low-income housing tax credits, among other similar programs, may also be used to generate equity for some or all of the projects to be undertaken within the Plan Area.

VIII. RELOCATION

The Land Clearance for Redevelopment Authority, by Resolution 85-25, has a Standardized Relocation Policy (Appendix 2) to be adhered to should relocation be necessary.

IX. AFFIRMATIVE ACTION PLAN

The Land Clearance for Redevelopment Authority has developed an affirmative action process (Appendix 3) which requires that developers and project contractors submit individual affirmative action plans. All projects approved by the Authority are subject to applicable federal, state and/or City affirmative action regulations, requirements, guidelines and procedures.

X. DURATION OF CONTROLS

The Westside Heritage Urban Renewal Plan shall be effective for a period of 15 years from the date of passage of the approving ordinance.

XI. PROVISION FOR AMENDING PLAN

This Plan may be modified by the Authority, provided that when the proposed modification will substantially change the development of the urban renewal plan as previously approved by the City of Kansas City, Missouri, it must similarly be approved by the City Council.

Exhibit A – 1
Legal Description

The Plan Area is generally bounded by W. 14th Street on the North, Broadway Boulevard/Southwest Boulevard/Summit Street/Southwest Trafficway on the East, W.31st Street on the south, and the Kansas Stateline, W. 25th Street, and the Kansas City Terminal Railway to the West.

Factual Evidence of Blight

for the

Westside Neighborhood Redevelopment Plan Area

Kansas City, Missouri

August 27, 2021

Prepared for submission to:

The 353 Advisory Board • 300 Wyandotte, Suite 400 • Kansas City, MO 64105

Prepared by:

Student Team in UMKC Entrepreneurial Urban Development course, under
supervision by Anthony Luppino, Professor of Law

NOTE: This document has been redacted to remove factors that are no longer relevant due to the revised definition of "Blighted Area" as defined in the Urban Redevelopment Corporations Law, in Chapter 353 of the Revised Statutes of Missouri.

Section I: INTRODUCTION

This report (“Blight Study”) was prepared by an interdisciplinary team of students in the Entrepreneurial Urban Development course at the University of Missouri-Kansas City, under the supervision of Professor of Law Anthony Luppino, at the request of the Hispanic Economic Development Corporation of Kansas City (“HEDC”)¹ for contemplated submission to the 353 Advisory Board by a Westside Community Redevelopment Corporation (“Westside Redevelopment Corporation”). This Blight Study presents factual evidence of blight within the area in the Westside of KCMO bounded generally by Stateline to the west, Broadway Boulevard to the east, 14th Street to the north and 31st Street to the south and, specifically, is Census Tract 153, encompassing approximately 1.1 square miles (hereinafter, the “Redevelopment Plan Area”).²

The following maps [Figures 1 and 2] illustrate the geographical area contained within the Redevelopment Plan Area as reported by the 2010 U.S. Census Bureau and the OpportunityDb.com website.

Figure 1. U.S. Census Bureau at www2.census.gov

Figure 2. Opportunitydb.com. Census Tract 153.

The Westside Redevelopment Corporation is expected to utilize the findings of this study in connection with the submission to the City Council of Kansas City, MO (“KCMO”) of a redevelopment plan for Redevelopment Plan Area in which real estate taxes abatement will be

¹ HEDC, KCHEDC.ORG, <https://www.kchedc.org/hedc/about-hedc/> (last accessed April 29, 2021). HEDC was established in 1993 as a certified 501(c)(3) not-for-profit Community Development Corporation.

² Census Tract 153, OPPORTUNITYDB.COM, <https://opportunitydb.com/zones/29095015300/> (last accessed May 9, 2021).

sought. In that connection, this Blight Study presents factual information relevant to the City Council's decision-making as to whether the Redevelopment Plan Area is a "blighted area" as defined in Missouri Revised Statutes Chapter 353.020. The Revised Statutes of Missouri provide for real property tax abatement within a "blighted area" under Chapter 353. Chapter 353 allows an Urban Redevelopment Corporation to utilize this tax abatement provision as part of an approved redevelopment plan for up to 25 years.

The information gathered for this Blight Study includes, among other things: property assessments; crime reports and surveys; neighborhood demographic reports; unemployment data; and public education test data. Our site surveys have combined virtual mapping, photographing, and documentation of physical locations and conditions. An ultimate determination of whether an area is blighted does not hinge on one particular condition but rather the showing of a combination of conditions leading an area to experience blight.

Figure 3 below is a satellite image of the Redevelopment Plan Area.

Figure 3. Google Map satellite image. Feb. 24, 2021.

Notably, the Redevelopment Plan Area has been designated a Qualified Opportunity Zone (“QOZ”).³ On April 9, 2018, The Tax Cuts and Jobs Act created an Opportunity Zone income tax incentive as an economic development tool for the purpose of allowing people to invest in distressed areas.⁴ A low-income community may qualify as an Opportunity Zone if: (1) a state nominates it for such a designation, and (2) the U.S. Treasury certifies the nomination.⁵ For a low-income area to be considered economically distressed, the population census tract must have a poverty rate of at least 20 percent for such census tract, or if located within a metropolitan area, the median family income for such tract must not exceed 80 percent of the greater of statewide median family income or the metropolitan area median family income.⁶

Section I.A. Definition of Criteria.

Section I.A.1. “Blighted Area”.

A blighted area is that portion of a city within which the legislative authority of such city determines that by reason of age, obsolescence, inadequate or outmoded design or physical deterioration have become economic and social liabilities, and that such conditions are conducive to ill health, transmission of disease, crime or inability to pay reasonable taxes. (Mo. Rev. Stat. 353.020(2) (2000)).

Section I.A.2. “Area”.

An “area” is further defined as that portion of the city which the legislative authority of such city has found or shall find to be blighted so that the clearance, replanning, rehabilitation, or reconstruction thereof is necessary to effectuate the purposes of this law. Any such area may include buildings or improvements not in themselves blighted, and any real property, whether improved or unimproved, the inclusion of which is deemed necessary for the effective clearance, replanning, reconstruction or rehabilitation of the area of which such buildings, improvements or real property form a part. (RSMo. 353.020(1)).

Section I.A.3. “Redevelopment”.

Redevelopment is the clearance, replanning, reconstruction or rehabilitation of any blighted area, and the provision for such industrial, commercial, residential or public structures and spaces as may be appropriate, including recreational and other facilities incidental or appurtenant thereto. (RSMo. 353.020(8)).

³ Opportunity Zones Database, OPPORTUNITYDB.COM, <https://opportunitydb.com/zones/29095015300/> (last accessed April 27, 2021). The Opportunity Database list Census Tract 153, within Kansas City, Jackson County, Missouri as an a Qualified Opportunity Zone. See also Opportunity Zones, DED.MO.GOV, <https://ded.mo.gov/content/opportunity-zones> (last accessed April 27, 2021). The MO Dept. of Econ. Dev. Provides a map of each designated Opportunity Zone within the State of Missouri.

⁴ Opportunity Zones, IRS.GOV, <https://www.irs.gov/newsroom/opportunity-zones> (last accessed May 1, 2021).

⁵ *Id.*

⁶ I.R.C. § 45D(e)(1)(A)-(B)(ii) (West 2020); See also Opportunity Zone FAQ, IRS.GOV, <https://www.irs.gov/credits-deductions/opportunity-zones-frequently-asked-questions> (last accessed May 1, 2021).

Section I.A.4. “Redevelopment Project”.

A “redevelopment project” is a specific work or improvement to effectuate all or any part of a development plan. (RSMo. 353.020(9)).

Section I.A.5. “Insanitary Area”.

An “insanitary area” is an area in which there is a predominance of buildings and improvements which, by reason of dilapidation, deterioration, age or obsolescence, inadequate provisions for ventilation, light, air sanitation or open spaces, high density of population and overcrowding of buildings, overcrowding of land, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency and crime or constitutes an economic or social liability and is detrimental to the public health, safety, morals, or welfare. (RSMo. 99.320 (9)).

Section I.A.6. Relevant Case Law.

In addition to statutory authority, Missouri courts have provided guidance for blight considerations.

1. It is not necessary that the total area, or even a particular portion of an area under consideration for a designation as blighted, be constituted a slum. *Parking Systems, Inc. v. Kansas City Downtown Redevelopment Corporation*, 518 S.W.2d 11, 15 (Mo. 1974).
2. An area may be deemed blighted even though the area consists of some vacant land or structures that are not inherently offensive. *Parking Systems, Inc.*, 518 S.W.2d 11 at 15.
3. A development corporation need not have cash on hand for a project to be approved, rather a combination of letters of commitment from banks, appraisals of the relative value of the land, estimates of the cost to clear the land, and satisfaction of requirements set forth by the municipality beyond the state requirements are sufficient for approval. *Id.* at 19.
4. A municipality may limit a blight determination to a single piece of property. *Crestwood Commons Redevelopment Corporation v. 66 Drive-In, Inc.*, 812 S.W.2d 903, 912 (Mo. App. E.D. 1991).
5. A determination of blight is not limited to the urban redevelopment of an area deemed a “slum” but goes farther to include the economic development of a property that is currently economically underutilized. *Crestwood*, 812 S.W.2d 903 at 910.
6. Evidence to establish the existence of a blighted area consist of factors such as: [REDACTED] (3) deterioration of site improvements; and (4) unsanitary and unsafe conditions which result in an economic liability. *Meramec Valley R-III Sch. Dist. v. Eureka*, 281 S.W.3d 827, 836 (Mo. App. E.E. 2009).
7. A City’s motives are irrelevant where it has shown uncontroverted evidence that the area is blighted, is void of growth and investment by private enterprise, and would not be economically feasible without implementation of tax abatement incentives for redevelopment of blighted areas. *Meramec*, 281 S.W.3d 827 at 839.

8. When factors exist to establish evidence of blight, either individually or collectively, in its present condition and use: (1) retard the provision of housing accommodations; (2) constitute an economic or social liability; or (3) constitute a menace to the public health, safety, morals, or welfare, then an area may be declared as blighted. *Land Clearance for Redevelopment Authority of City of St. Louis v. Inserra*, 284 S.W.3d 641, 647 (Mo. App. E.D. 2009).
9. Social liability factors supporting a blight determination include: (1) dark corners where criminal activity could occur and no evidence of security existed; (2) properties appearing unoccupied with no one to monitor conditions that could contribute to fire or other dangers; (3) conditions of the property that encourage loitering and other negative behavior; and (4) parking and loading areas that are unprotected and unmonitored, which could attract juvenile delinquents. *Inserra*, 284 S.W.3d 641 at 648.

Section I.B. Study Methodology.

This Blight Study reports on the collection and analysis of vacant and occupied buildings, residential structures, and public infrastructure deterioration. Several of the parcels within the Census Tract 153 area were analyzed for qualifying blight conditions, however not every parcel was viewed or documented due to the restrictions stemming from Covid 19 protocols at the time of this study, and the overall size of the Redevelopment Project Area and limited resources to conduct such in-person analysis.

The information analyzed within this study was obtained through: (1) field investigations focused on documenting the physical conditions of the parcels; (2) collection of data from Geographical Information Systems provided by the City of Kansas City, Missouri, and Jackson County; and (3) collection of data from open source databases and updated prior conditional studies within the proposed Redevelopment Plan Area.

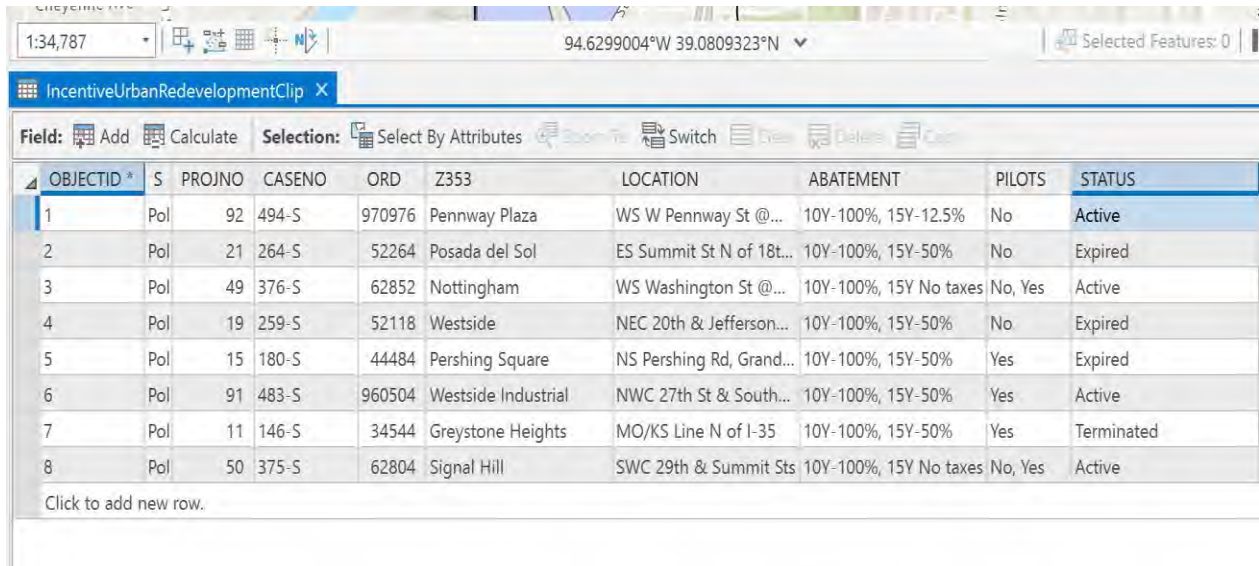

Section I.C. Previous Blight Determinations.

We are aware of nine prior Blight Studies conducted within the Redevelopment Plan Area.⁷ Those prior studies include the following active projects:

- Summit Tax Increment Financing (“TIF”) (area bound by the KC Terminal Railroad tracks, Summit Street, W. 26th Street, and Southwest Boulevard);
- Pennway Plaza Chap. 353 Plan;
- Westside Industrial Chap. 353 Plan (on the westside of Southwest Boulevard, generally south and east of the railroad tracks);
- 25th & Southwest Boulevard Planned Industrial Expansion Authority (“PIEA”) (Boulevard Brewing);
- 27th & Madison PIEA (northwest corner);

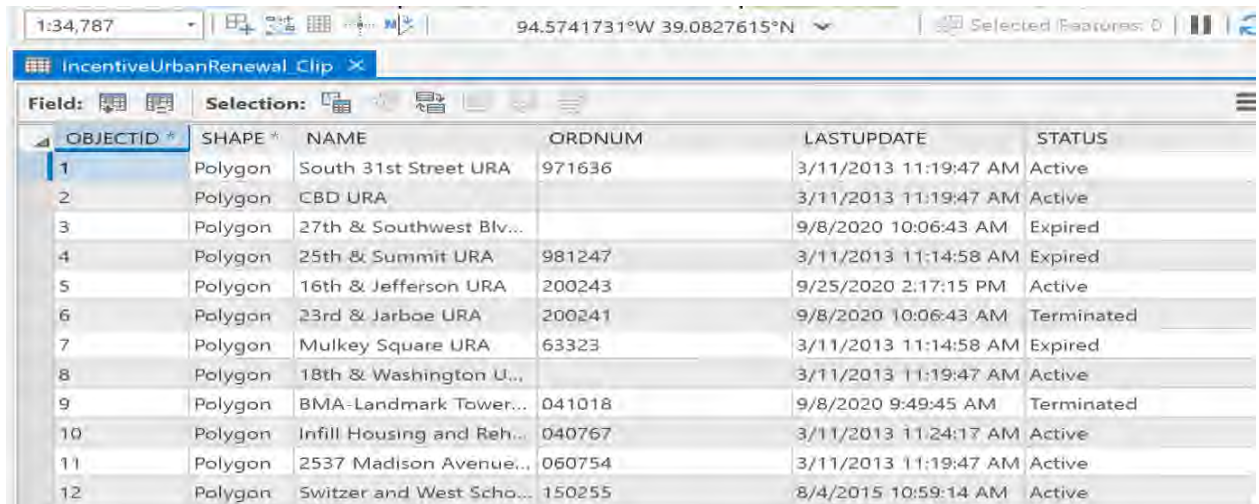

⁷ Email from Robert Long, Senior Dev. Serv. Specialist, Econ. Dev. Corp. of Kansas City, to Professor of Law Anthony Luppino, Univ. of Missouri, Kansas City- Sch. of Law (April 15, 2021, 09:17 CST) (on file with authors).

- 16th & Jefferson Urban Redevelopment Authority (“URA”) (northeast quadrant);
- Switzer & West School URA;
- 2537 Madison Avenue URA (in the process of being terminated); and
- Infill Housing & Rehabilitation Scattered-Site URA.

Figure 5. KCMO Parcel Viewer, Chapter 353 Tax Incentive Areas, <https://maps.kcmo.org/apps/parcelviewer/>

Section I.D. Report Format.

This Blight Study is presented in four sections and seven [A-G] Appendices. This Section I has provided an overview of the “blight” criteria as defined by Missouri Statute and case law, the study methodology, and a description of previous blight determinations. Section II below provides an overview of the Redevelopment Plan Area and descriptions of parcels, structures, and infrastructure within the Redevelopment Plan Area. Section III describes the relevant factors identified within the Redevelopment Plan Area supporting a blight designation for the area. Section IV consists of a summary of the blight factors and a factual conclusion for the proposed Redevelopment Plan Area based on the defined criteria, the investigative and study methods utilized, and our analysis of the collected information.

Please see [Appendix A](#) for legal descriptions of the parcels in the Redevelopment Plan Area.⁸

Section II: AREA OVERVIEW AND DESCRIPTION

Section II.A. Study Areas Context

This section contains information regarding location and access of the Redevelopment Plan Area and property data, which is further broken down into additional subcategories.

Section II.A.1. Location and Access

As noted above, the proposed Redevelopment Plan Area includes the entire area encompassed with Census Tract 153. The Redevelopment Plan Area lies within Kansas City, Missouri, Council District 4. The Redevelopment Plan Area is generally bounded by West 31st Street on the south from Southwest Trafficway on the east, to State Line Road on the west. State Line runs north to West 25th Street and 25th Street east to Allen Street which curves back to the north crossing Avenida Cesar E. Chavez, running north parallel to the Kansas City Terminal Railway merging with Beardsley Road continuing north to US 670 back to the east to Broadway Blvd. The eastern border to the north runs from US 670 south along Broadway Blvd connecting with Southwest Blvd which continues in a south westerly direction until connecting with Summit Street. Summit Street runs south until it changes into Southwest Trafficway at US Interstate 35. The border along Southwest Trafficway continues south until once again connecting to W. 31st Street.

The Redevelopment Plan Area has access to the highway system at US Interstate 35 via Southwest Trafficway to the east and via State Line Road to the West. Although there is a major highway connector system for US Interstate 35 and US Interstate 670 to the north, it is not easily accessible from within the Redevelopment Plan Area.

The following images [Figures 6 – 8] depict the access points and major transit routes in and out, and through the Redevelopment Plan Area.

⁸ The legal descriptions attached in [Appendix A](#) were compiled using KCMO Parcel Viewer’s “Draw area for download” tool, and boundaries were drawn according to subject Redevelopment Plan Area boundaries. While we believe this process results in a good representation of the legal descriptions of the parcels within the Redevelopment Plan Area, it is possible there could be some minor over or under-inclusion at the edges of the outlining.

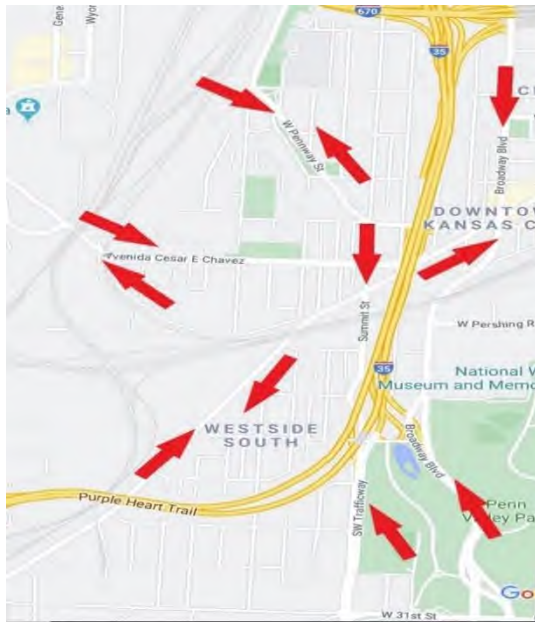

Figure 6. Google Maps overview of the Redevelopment Plan Area.

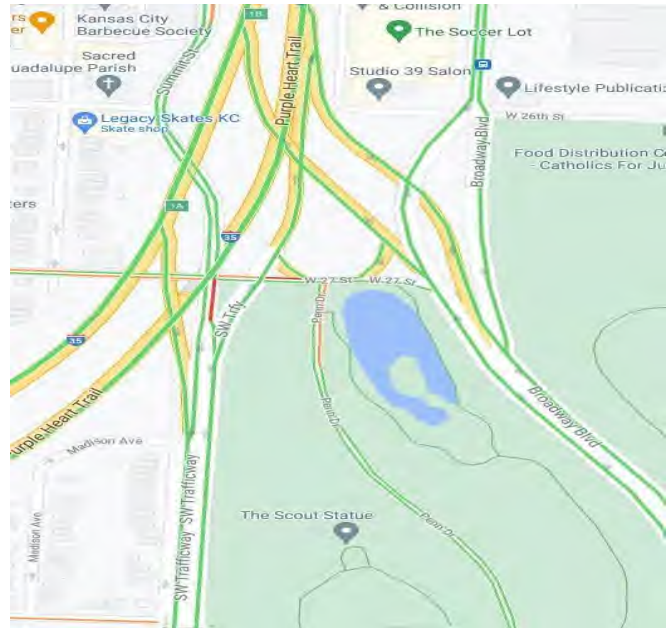

Figure 7. Google Maps. Access points at SW Trfy and US35.

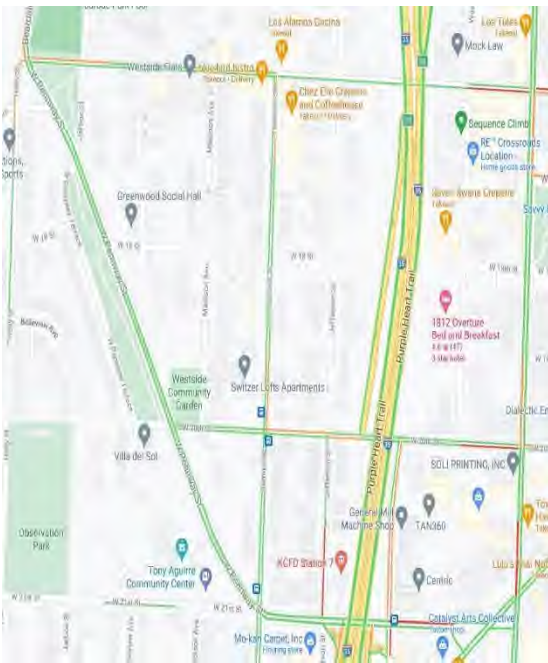

Figure 8. To the Right- Google Maps depicting the access along W. Pennway to Summit over to Broadway Blvd. The photo above- Google Maps depicting the access from west to east along Avenida Cesar E. Chavez intersection with Summit and Southwest Blvd.

The Redevelopment Plan Area is bordered by the Coleman Highlands Neighborhood to the south, Kansas City, Kansas to the west and northwest, the Crossroads Neighborhood to the east, and the Quality Hill Neighborhood to the Northeast.

Access between neighborhoods is available to the Redevelopment Plan Area to the south via SW Trafficway, which runs parallel to US 35, and Southwest Blvd, which runs from the Southwest to the Northeast of the neighborhood intersecting with Avenida Cesar E. Chavez and Broadway. These roadways allow easy access from the south through the center of the Redevelopment Plan Area to the north. The North end of the Redevelopment Plan Area is not as easily accessible with the only limited access via West Pennway Street from the Northwest to the east and central area of the Redevelopment Plan Area.

Section II.A.2. PROPERTY DATA

This section contains generalized information regarding the land area size, environmental factors which may affect the health of the community, real estate taxes within the Redevelopment Plan Area, utility providers and an overview of zoning in the Redevelopment Plan Area are also included in this section.

Section II.A.2.i. Land Area

According to calculations from the Kansas City Parcel Viewer, the Redevelopment Plan Area, encompasses a total of approximately 1.1 square miles. The following photo [Figure 9] outlines in blue the Redevelopment Plan Area.

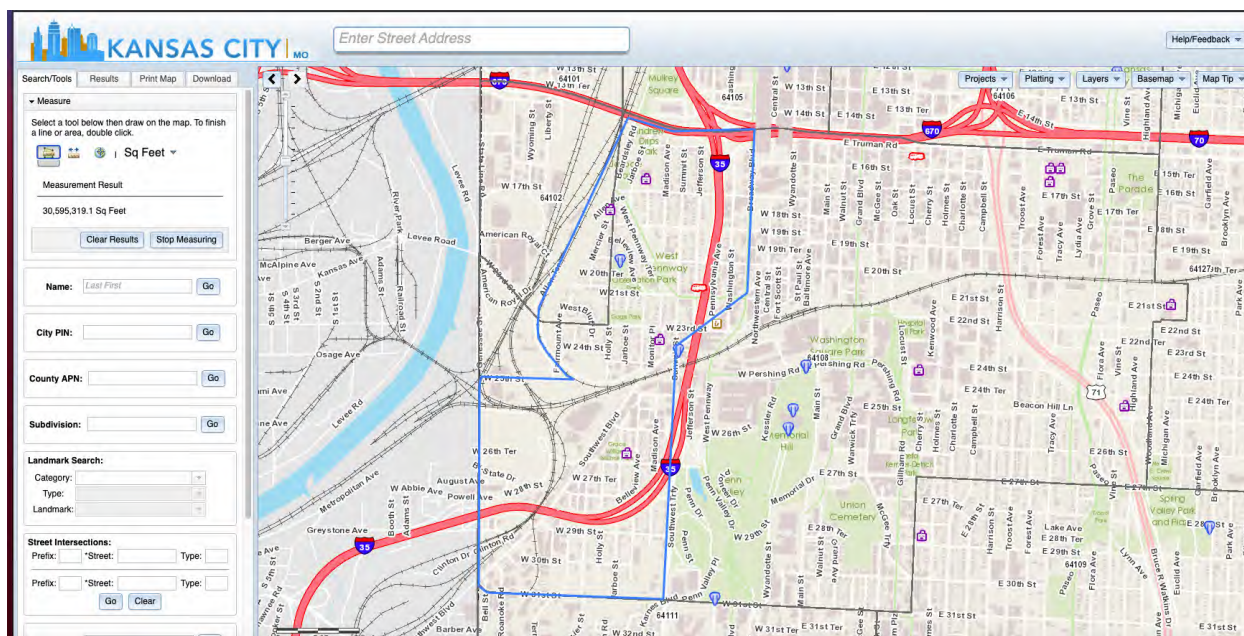

Figure 9. Kansas City Parcel Viewer. The Redevelopment Plan Area is outlined in blue.

Only 1% of the Redevelopment Plan Area is dedicated to open spaces and parks, with 2% used for institutional uses and 2% for parking.⁹

Section II.A.2.ii. Environmental

No independent environmental assessment was conducted within the proposed Redevelopment Plan Area in relation to this study. However, information obtained from the United States

⁹ Clara Irazábal, *Visions for The Westside 23* (2018) (on file with authors).

Environmental Protection Agency (“EPA”) website indicates several Brownfield¹⁰ sites, toxic release to air, toxic release to land, 2014 NATA cancer risk, high infant mortality rate in 2010, and low birth weight rate in 2014.¹¹

Figure 10 represents hazardous land issues found within the Redevelopment Plan Area, as reported

Hazardous waste is waste that is dangerous or potentially harmful to our health or the environment. Hazardous waste can be liquids, solids, gases, or sludges. They can be discarded commercial products, like cleaning fluids or pesticides, or the by-products of manufacturing processes.

¹³ *Id.* Superfund is the federal government’s program to clean up the nation’s uncontrolled hazardous waste sites. The National Priorities List is the list of national priorities among the known releases of threatened releases of hazardous substances, pollutants, or contaminants throughout the United States.

¹⁴ *Id.* The Toxics Release Inventory is a publicly available EPA database that contains information on toxic chemical releases and waste management activities reported annually by certain industries as well as federal facilities.

¹⁵ *Id.* The Hazardous Waste Report (Biennial Report) collects data on the generation, management, and minimization of hazardous waste. This provides detailed data on the generation of hazardous waste from large quantity generators and data on waste management practices from treatment, storage, and disposal facilities.

represent air pollution.¹⁶ The light blue squares indicate reports of pollutants discharged into the water.¹⁷

Figure 11. Air pollution and water pollutants.

Section II.A.2.iii. Real Estate Taxes

Per Appendix B, of the total number of parcels in the Redevelopment Plan Area, 13% are considered delinquent, specifically 216 parcels of the 1,646. Total delinquency amounts from 2018 to 2020 equal \$427,592 of tax owed (not including interest or penalties).

Section II.A.2.iv. Utilities

The City of Kansas City, Missouri provides water and sewer service to its residents. Spire Missouri, INC.¹⁸, (formerly Laclede Gas/ Missouri Gas Energy) provides natural gas services and

¹⁶ *Id.* The air pollution data contains compliance and permit data for stationary sources of air pollution regulated by EPA, state and local air pollution agencies.

¹⁷ *Id.* As authorized by the Clean Water Act, the National Pollutant Discharge Elimination System permit program controls water pollution by regulating sources, such as municipal and industrial wastewater treatment facilities, that discharge pollutants into the waters of the United States.

¹⁸ Investor Presentation, SPIREENERGY.COM, https://s25.q4cdn.com/231862843/files/doc_presentations/Spire-Investor-Presentation-March-2021-SW-Final.pdf (last accessed May 1, 2021). Spire is a publicly held corporation.

is State regulated. Electric service is provided from Evergy Missouri Metro (formerly KCP&L).¹⁹

Section II.A.2.v. Zoning

The entire Redevelopment Plan Area is primarily zoned for industrial use. Residential zoning is the second greatest makeup of the area, followed by commercial zoning.²⁰

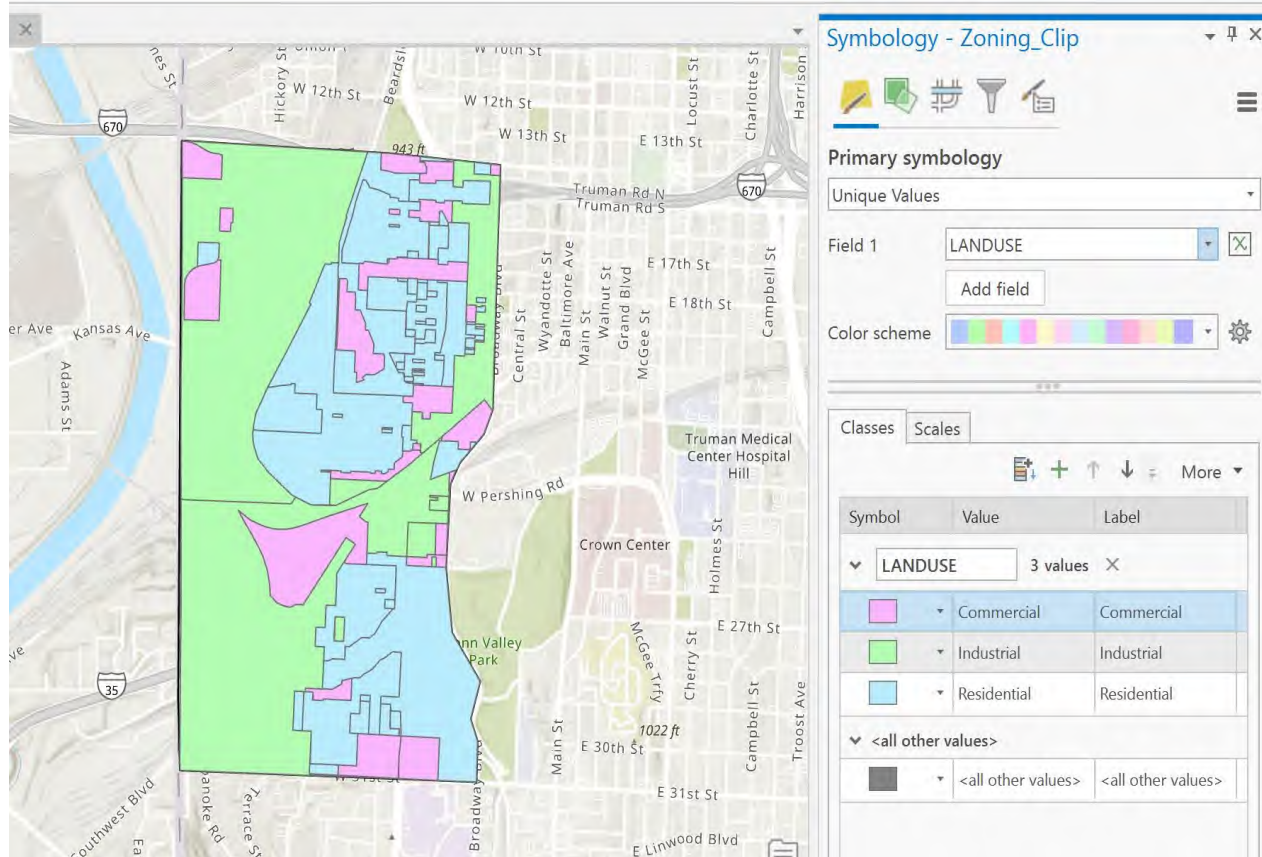

Figure 12. KCMO Parcel Viewer. Zoning and land use.

Section II.A.3. Transportation

Based on a 2013 report, working residents within the Redevelopment Plan Area primarily commute individually; however a small number of workers commute by walking or utilizing transit opportunities.²¹ Approximately 16-30% of the households within the Redevelopment Plan Area do not have a vehicle, which is a higher percentage of households without a vehicle than those identified in the Crossroads neighborhood and the River Market neighborhood.²²

The following graph, *Figure 13*, represents the means of transportation within the Redevelopment Plan Area in 2011 and the percentage of households without a car.

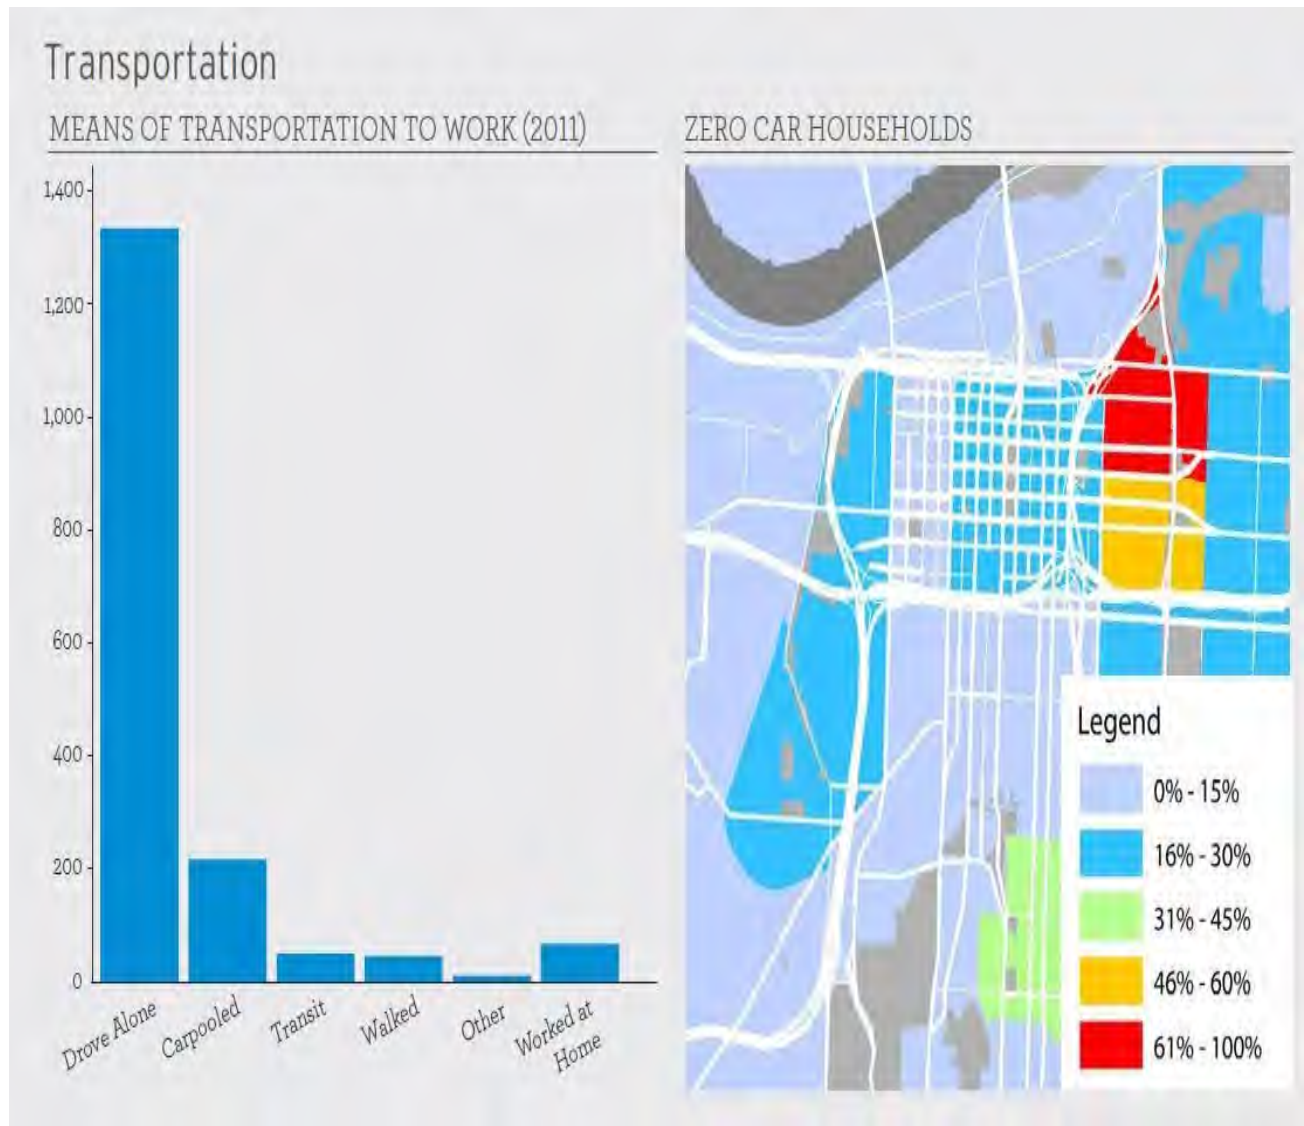

Figure 13. Transportation data provided by the Reconnect-Westside study.

Figure14. Proposed plan for Bike KC Downtown Loop.

The transportation design within the Redevelopment Plan Area is primarily created for private vehicular usage, therefore a lack of bike paths and walking paths exists within the Redevelopment Plan Area.²³

The City's Public Works department is committed to implementing roadway improvements to better accommodate multi-modal travel.²⁴ In order to meet this goal the Public Works department through the

Bike KC initiative has created a design to develop a Downtown Bike Loop which would stretch into a small portion of the Redevelopment Plan Area.²⁵

Figure 14 above indicates the proposed plan on file with the City's Department of Public Works.

The public transportation within the Redevelopment Plan Area encompasses three bus lines.²⁶ Despite these three bus lines, there is a lack of east to west connections and placement of existing bus stops are greater than a quarter of a mile walking distance, thus placing a burden on those utilizing the bus transit system.²⁷

Figure 15 outlines the three bus lines which primarily run north and south. Figure 16 indicates bus stop accessibility within the Redevelopment Plan Area within a quarter mile radius of each stop.

²⁷ *Id.*

Figure 15. Bus Lanes.

Figure 16. Bus Stops.

Section II.A.4. Topography

The topography of the northeast portion of the Redevelopment Plan Area provides for excellent views over the City to the east, however, the byproduct of water runoff creates drainage issues and deterioration of streets and sidewalks. Examples of such damage can be found under Section III.C.1. Deterioration.

Figure 17 below is a Google map picture showing the topography within the Redevelopment Plan Area. As the topography map indicates, there are three areas of steep elevation shifts: (1) in the southwest along the railroad tracks parallel to Southwest Trafficway to 27th Street; (2) in the central area from 25th Street to W. Pennway St.; and (3) in the northeast from W. Pennway St to Washington St. running parallel to US35.

FEMA provides flood hazard and risk data as part of the National Flood Insurance Program.²⁸ The data provided by FEMA shows a large portion of the Redevelopment Plan Area as subject to flooding.

²⁸ Flood Maps, FEMA.GOV, <https://www.fema.gov/flood-maps> (last accessed May 1, 2021).

Figure 18 and Figure 19 are flood zone maps of the southern half and northern half of the Redevelopment Plan Area, respectively.

Figure 18. Flood Zone of southern half of the Redevelopment Plan Area.

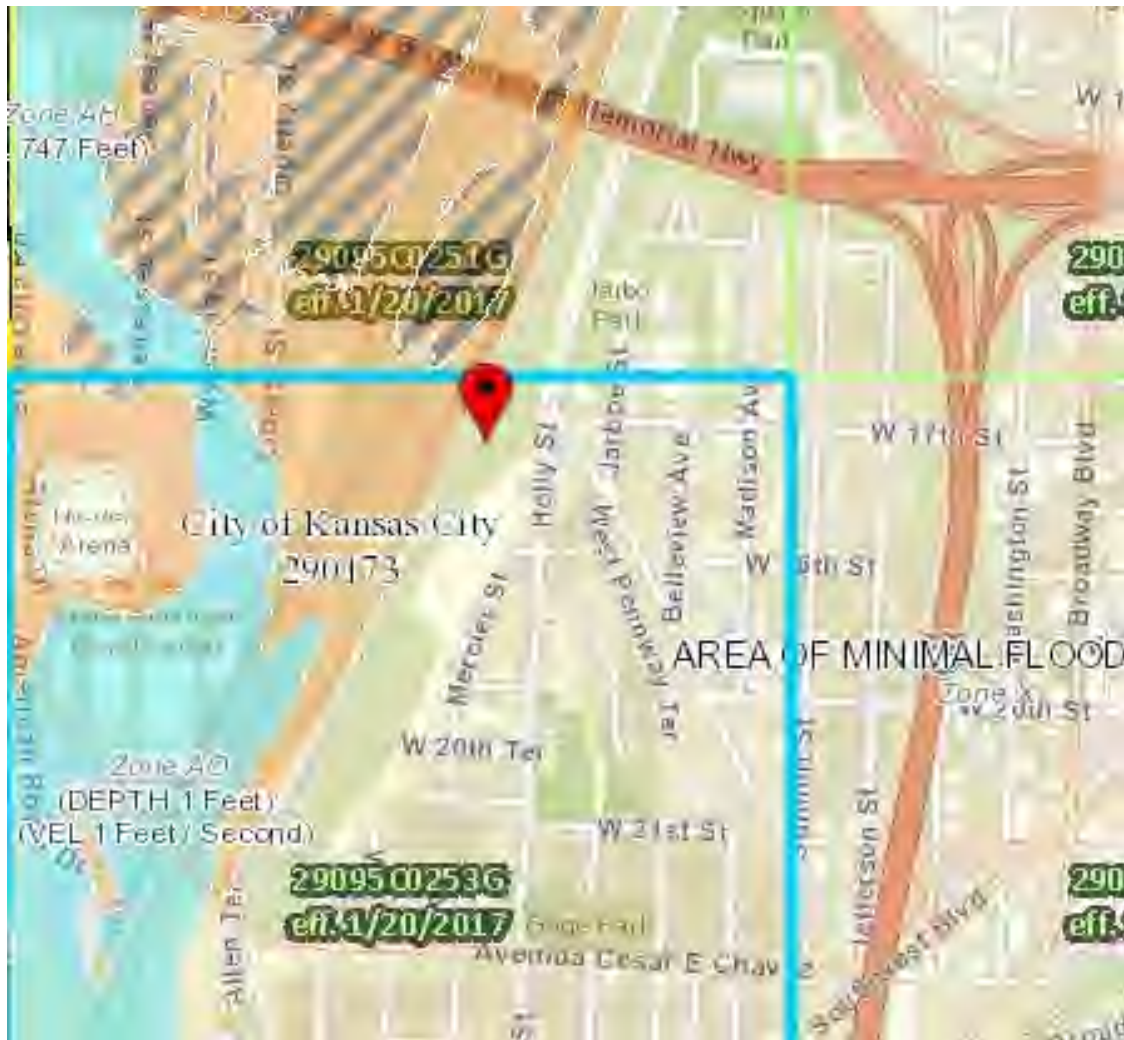

Figure 19. Flood Zone of the northern half of the Redevelopment Plan Area.

Section II.B. Neighborhood Demographics

This section provides a snapshot of the commercial entities within the Redevelopment Plan Area and their impact in the community. Unemployment and census data is included in this section which provides an anecdotal perspective for the differences in the Redevelopment Plan Area's demographics, varying housing market, and income brackets.

Section II.B.1. Commercial Entities

The main commercial node within the Redevelopment Plan Area is located along Southwest Trafficway. Physically, Redevelopment Plan Area is a mixture of residential and manufacturing uses. It is predominately void of any traditional office spaces or retail product distributors. However, a node of restaurants is established in the southern half of the Redevelopment Plan Area, primarily along Southwest Boulevard which runs from the southwest corner towards the east central portion of the area to Broadway Boulevard. The northeastern corner of the Redevelopment Plan Area has a small collection of community restaurants, coffee houses and eateries. Despite these few community eating establishments, there is only one local grocery market in the entire

Redevelopment Plan Area. Further there are no Farmer's Markets in the area, thus the Redevelopment Project Area is a food desert. The Redevelopment Plan Area is also void of any pharmacies and has only five health clinics providing medical or dental care. These clinics are located in one business complex at 2121 Summit Street which is situated in the east central section of the Redevelopment Plan Area.

An analysis of the larger 64108 zip code in which the Redevelopment Plan Area is located, reflects the business environment²⁹. A total of 1,102 employers are present within the 64108-zip code. The majority of these employers employ one to four employees. There are 34,269 employees in the 64108-zip code with an average employee wage of \$71,039.

The North American Industry Classification System ("NAICS"), a Federal statistical agency within the U.S. Census Bureau, provides a categorial break down of employment types within a given area.³⁰ Many the positions are found within the "professional, scientific, and technical services" with "accommodation and food services" and non-hospital "health care and social assistance" coming in second and third, respectively. "Retail trade" and "other" follow suit.

Further analysis of the Redevelopment Plan Area supports the aforementioned data. The companies employing the greatest number of employees include "Department Zero Inc." and "JR Company". The greatest sales volume companies for the immediate area consist of: "Huftt Products"; "KUKC"; "Lewis Block and Supply"; "Mail Co"; "Midwest Industrial Rubber Inc"; "Office Products Alliance"; "Pinnacle Imports LLC"; and "Strahm Automation and Mailing".

The southern portion of the Redevelopment Plan Area is similar in business composition. With many of the larger manufacturing firms located in the southern portion, the residential-manufacturing juxtaposition of land use becomes even more apparent. Some of the largest employers in this area are "Koch Equipment LLC" and "W-DAF TV". The following companies have the largest sales volume: "Alma Mader Brewing"; "Boulevard Brewing"; "Christopher Elbow Chocolates"; "Pioneer Industrial Corporation"; and "W-DAF TV".

The following chart, *Figure 20*, provides a count of the number of establishments that exists based on the number of employees each establishment employs.

²⁹ Economy, SOCIALEXPLORER.COM, [Product Data | Social Explorer](#) (last accessed May 3, 2021). Social Explorer collects and analyzes data provided by the U.S. Census Bureau.

³⁰ NAICS, CENSUS.GOV, [North American Industry Classification System \(NAICS\) U.S. Census Bureau](#) (last accessed May 2, 2021). NAICS is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy.

Establishments with:	Count
1 to 4 Employees	472
5 to 9 Employees	208
10 to 19 Employees	154
20 to 49 Employees	161
50 to 99 Employees	56
100 to 249 Employees	30
250 to 499 Employees	14
500 to 999 Employees	3
1000 + Employees	4
TOTAL NUMBER OF ESTABLISHMENTS	1,102

Figure 20. Count of businesses based on number of employees.

Section II.B.2. Unemployment

The data provided for the Redevelopment Program Area in Figure 21 indicates 2019 unemployment rates were up 13.1% as compared to an increase in unemployment rate of 3.3% in Jackson County, Missouri, 2.1% in Missouri, and an increase of 4.4% in the United States.³¹

³¹ 2019 American Community Survey, LIVINGSTONDAILY.COM, <https://data.livingstondaily.com/american-community-survey/block-group-1-census-tract-153-jackson-county-missouri/labor-statistics/unemployed-civilians/> (last accessed May 1, 2021). Statistics cited through this source are obtained from the 2019 U.S. Census Bureau.

Figure 21. Unemployment data for Census Tract 153 as reported by the American Community Survey

As of 2019, the median household income in the Redevelopment Plan Area is \$32,415 as compared to a median household income of \$54,194 for Kansas City, Missouri and \$55,134 for Jackson County, Missouri.³² The percentage of persons living below the poverty level in the Redevelopment Plan Area is 26.9% as compared to 16.1% in Kansas City and 14.7% in Jackson County.³³ Despite the fact that the median household income is \$32,415, and approximately 27% of the population is below poverty level, over 20% of the population in the Redevelopment Plan

³² Census Reporter, CENSUSREPORTER.ORG, <https://censusreporter.org/profiles/14000US29095015300-census-tract-153-jackson-mo/> (last accessed May 1, 2021). This source cites data from the 2019 U.S. Census Bureau.

³³ *Id.*

Area has an income over \$75,000.³⁴ These statistics indicate gentrification is occurring, specifically in the area north of 17th Street as non-Hispanic and non-Latino residents are moving into the neighborhood.³⁵

Section II.B.3. Census Data

The Redevelopment Plan Area demographic make-up is 58% Hispanic, as compared to 11% in Kanas City and 9% in Jackson County.³⁶ 22% of the population within the Redevelopment Plan Area is White and 19% of the population is Black. *Figure 22* in the following table provides population by age range and the race and ethnicity makeup of the Redevelopment Plan Area.

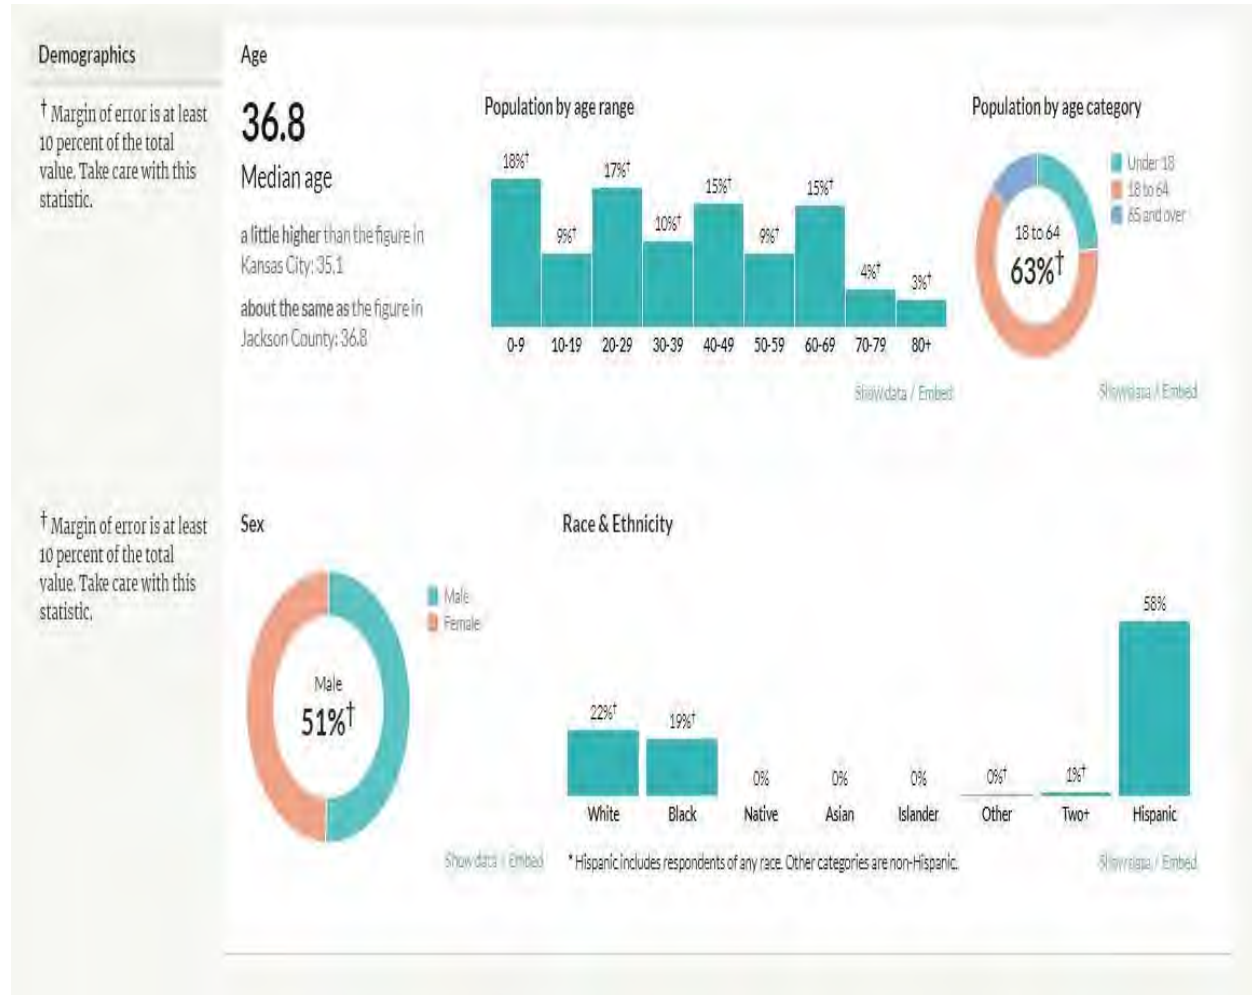

Figure 22. Population range, and Race & Ethnicity data.

³⁴ *Id.* 8.8% of the population in the Redevelopment Plan Area has an income over \$100,000.

³⁵ *Id.*

³⁶ *Id.* Hispanic includes respondents of any race. See Grieco, Elizabeth M. & Cassidy, Rachel C., Overview of Race and Hispanic Origin, U.S. Census Bureau, Census 2000 Brief (March 2001) (defining “Hispanic or Latino” as “a person of Cuban, Mexican, Puerto Rican, South or Central American or other Spanish culture or origin regardless of race.”).

The census figures indicate substantial population and household decline in the Redevelopment Plan Area since 1990. The 1990 Census data reported the Redevelopment Plan Area consisted of a 68% Hispanic or Latino population.³⁷ The demographic rose to 70% in the 2000 Census, but then dropped to 63% during the 2010 Census.³⁸

Section III. FACTORS OF DETERMINATION FOR BLIGHT STUDY CONDITIONS

The primary method for recording conditions of deterioration of site improvements in this Blight Study consisted of a review of service calls to the Kansas City 311 Call Center³⁹ requesting service for sidewalk, curb, and street damage. In addition to reviewing call logs, field surveys were conducted to observe and record whether corrections had been made in reference to the calls for service, and to memorialize any additional site deteriorations not reported through the Call Center.

Additional site deteriorations which lead to conditions that negatively affect the appearance and utilization of an area include deterioration of parking surfaces, slabs, and fences. Observations during field surveys were recorded and reported in this section with accompanying photographs of the site locations.

Many of the recorded observations in the Redevelopment Plan Area, which are recorded here exhibit unsafe or unsanitary conditions. Insanitary or unsafe conditions within the Redevelopment Plan Area include the presence of trash/debris, overgrown vegetation, graffiti, and cracked/uneven/obstructed sidewalks.

Several calls were duplicate calls. After eliminating duplicate calls, there were 17 calls noted within Redevelopment Plan Area. These reports were recorded between February 2021 and March 2021. As of April 10, 2021, many of the reported sidewalk and street issues remain in disrepair.

38 *Id.*

³⁹ <https://data.kcmo.org/>. The 311 Call Center documents reports of varying conditions from a variety of sources. The Call Center documents the location of the reported issue and whether the issue has been resolved.

[REDACTED]

[REDACTED]

[REDACTED]

Section III.C. Deterioration

This section describes the degree of deterioration present throughout the Redevelopment Plan Area. This deterioration is evidenced through observations memorialized in photographs of dangerous buildings and residential structures, vacant lots, billboards, insanitary or unsafe conditions. Deterioration is further evidenced upon review of prior portions of this Blight Study ■■■■■ above.

Section III.C.1. Dangerous Buildings and Residential Structures

This section includes field observations of buildings and residential structures which demonstrate a condition of blight either due to disrepair, obsolescence, or apparently dangerous conditions.

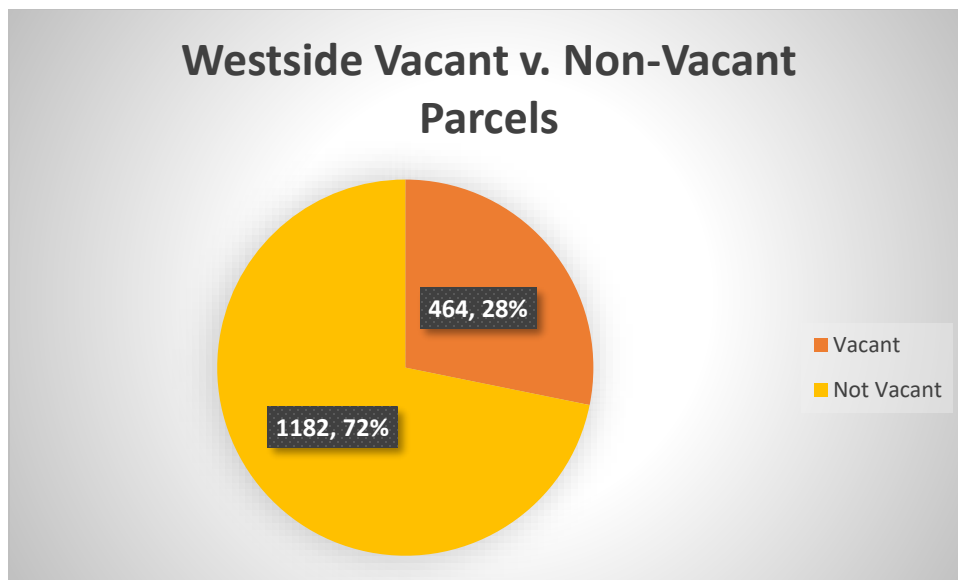

At this time the City's listing of dangerous buildings does not include any buildings in the Redevelopment Plan Area.⁴⁰ However, a field survey of the Redevelopment Plan Area identified several buildings that were in a state of disrepair, obsolescence, or apparently dangerous conditions which presented an issue for the health and safety of the neighborhood. Examples of these buildings are provided below. The buildings identified include residential homes with visual impairment or outwardly observable impairments which are a danger to the safety and health of the neighborhood.

See Appendix D for photographs [*Figures 1 – 16*] of properties observed during a field survey of the Redevelopment Plan Area on April 10, 2021.

Section III.C.2. Vacant Lots

Vacant lots consist of lots that are undeveloped or uncared for thus creating an economic and social liability within the Redevelopment Plan Area. Per analysis conducted via KCMO Parcel Viewer, (464) Vacant Parcels were identified which calculates to 28% of the total parcels in the Redevelopment area.

⁴⁰ <https://data.kcmo.org/Property/Dangerous-Buildings-List/ax3m-jhxx/data>. Each property listed in this data source within Council District 4, within which the Redevelopment Plan Area is located, was checked and found to be outside of the Redevelopment Plan Area.

See [Appendix E](#) for photographs [*Figures 1 – 16*] of vacant lots observed in the Redevelopment Plan Area during a field survey conducted on April 10, 2021.

Section III.C.3. Billboards

The City of Kanas City has recognized the fact that billboards tend to bring economic liabilities to the area in which they are located, thus resulting in social liabilities which are manifest in the detriment brought to the public health, safety, and welfare of its citizens. In recognition of these liabilities, the City has established a zoning ordinance which seeks to “provide an orderly, effective and reasonable control of off-premise signs, thereby halting sign proliferation, reducing distractions to drivers and enhancing the visual environment and community character of the city.”⁴¹

Missouri Department of Transportation regulates billboards within the State and classifies existing billboards as either: (1) Conforming; (2) Conforming Out of Standard Status; (3) Illegal; or (4) Nonconforming Status. A conforming billboard meets all current statutory and administrative rule requirements for outdoor advertising. A billboard classified as conforming out of standard status fails to meet the current statutory and administrative rule requirements, however, does comply with federal and state agreements established as of August 27, 1999, and statutory and administrative rule requirements governing outdoor advertising under the Highway Beautification Act of 1965. An illegal billboard is one that does not conform to the current statutory and administrative rule requirements, nor does it meet a designation as a conforming out of standard sign. Billboards classified as Nonconforming fail to comply with current outdoor advertising rules and regulations. It is permissible to conduct reasonable maintenance and repair of nonconforming signs, however, such signs cannot be relocated, rebuilt or enlarged from the size it was on the day it became nonconforming. Repair of any deteriorated or damaged non-conforming sign after the date the sign is designated as non-conforming is prohibited. A deteriorated or damaged

⁴¹ Kansas City, MO., Code § 88-445-14 (2011).

nonconforming sign is defined as a sign upon which more than 50% of the support pole(s) have been damaged or replaced within a 12-month period.⁴²

The following map, *Figure 26*, shows the location of billboards within the Redevelopment Plan Area. The map indicates there is only one conforming sign in the project area [indicated in pink and labeled 301]. The vast majority of signs in the project area are designated as non-conforming [see Billboard Legend] followed by conforming out of standard signs.

Figure 26. MODOT.ORG. Billboard locations.

See Appendix F for photographs [Figures 1 – 8] of billboards observed in the Redevelopment Plan Area during a field survey conducted on April 10, 2021.

Section III.C.4. Insanitary or Unsafe Conditions

A blight determination may be established upon a factual evidentiary showing that an area is insanitary. Insanitary conditions are defined in part as areas in which conditions exist that endanger life or property by fire, and other causes or any delinquency and crime or in which such circumstances constitute an economic or social liability and is detrimental to the public health, safety, or welfare. Additionally, graffiti is an indicator of delinquency and crime within an area and decreases the value of property thus impacting the economic liability and social welfare of an area.

See Appendix G for photographs [Figures 1 – 22] taken during a field survey on April 10, 2021 of that depict a variety of insanitary or unsafe conditions identified in the Redevelopment Plan Area. These images consist of safety issues, such as missing or damaged protective barriers to the

⁴² Outdoor Advertising, MODOT.ORG, <https://www.modot.org/quick-reference-guides> (last accessed May 2, 2021).

freeway, homeless camps, improper street drainage, properties which present a danger to the public due to lack of repair, and graffiti.

Section III.D. Health Assessment

One of the goals in determining blight and the utilization of redevelopment within a blighted area is the improvement of the public health. The current median life expectancy for US census tracts is 78.7 years of age, for the State of Missouri it is 77.6 years of age, and for the Redevelopment Project Area, the life expectancy is 75.9 years of age.⁴³ A high number of insanitary and/or unsafe conditions, coupled with a food desert, no pharmacies, and few health clinics contribute to the lower life expectancy within the Redevelopment Project Area.

As indicated by other sections within this Blight Study, such as those found under Section III.C. Deterioration, there is an abundance of insanitary and/or unsafe conditions and vacant lots throughout the Redevelopment Plan Area, in conjunction with the hazardous environmental factors noted under Section II.A.2.iii. The combination of these factors has a severely adverse impact on the overall health of the public residing in the Redevelopment Plan Area.

According to the Mid-America Regional Council Transportation Department 2019 Summary of West 31st Street Corridor, 30% of adults within the Redevelopment Plan Area are in fair or poor health, as compared to a regional average of 19%.⁴⁴ Additionally, there is a 17% reported diabetes rate as compared to the county average of 11%.⁴⁵ As mentioned in Section II.B.1. Commercial Entities, there are no Farmer's Markets, and only one small neighborhood grocery store within the Redevelopment Plan Area.

The United States Department of Agriculture ("USDA") reports that:

[f]ood desert tracts tend to have smaller populations, higher rates of abandoned or vacant homes, and residents who have lower levels of education, lower incomes, and higher unemployment. Census tracts with higher poverty rates are more likely to be food deserts than otherwise low-income census tracts in rural and in very dense (highly populated) urban areas.⁴⁶

According to the Center for Disease Control ("CDC"), "Understanding the influence of food deserts on public health is critical to designing, implementing, and evaluating the impact of policy and environmental changes to improve access to nutritious foods."⁴⁷

Taking the information provided by the USDA and the CDC regarding the detriment that food deserts have based on a racial and ethnic population of Hispanics and Latinos, lower income levels, poorer health condition, and lack of grocery stores, no pharmacies, and only five clinics—all

⁴³ Life Expectancy at Birth for U.S. States and Census Tracts, CDC.GOV, <https://www.cdc.gov/nchs/data-visualization/life-expectancy/> (last accessed May 9, 2021).

clinics located in one location—within the Redevelopment Plan Area it is evident that the overall health of those living in this area is in need of improvement.

Section III.E. Crime Statistics

The Redevelopment Project Area is policed by the Kansas City [Missouri] Police Department (“KCPD”). KCPD breaks down the city into six divisions. The Redevelopment Project Area is in the Central Division, which is further broken down into districts. The Redevelopment Project Area is located in District 114 and partially in District 111 as depicted in *Figure 27*.⁴⁸

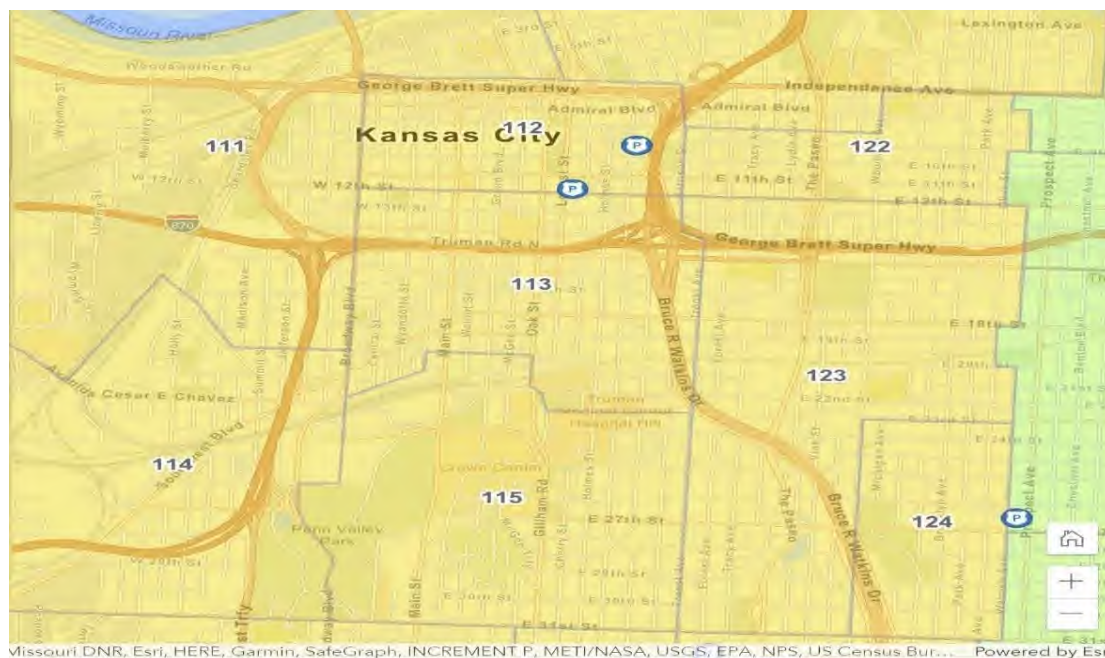

Figure 27. The Redevelopment Project Area lies within District 114 and partially in District 111.

The KCPD 2019 annual report indicates the Central Patrol Division responded to 23 homicides in 2019, down from 29 in 2018, and up from 19 in both 2015 and 2016. In comparison, the Metro Division reported 48 homicides in 2019 and East Patrol Division reported 64 homicides.⁴⁹

The following map, *Figure 28*, depicts reported crimes over a 90-day period, from February 1, 2021 to May 1, 2021 within the Redevelopment Plan Area. Crimes reported and portrayed include property crimes, theft, assault, and violent crimes. A noticeable concentration of crime exists in a triangle bordered by West Pennway St to the northeast, Avenida Cesar E. Chavez to the south, and roughly along Allen Street running north to east back to W. Pennway St.

SECTION IV: SUMMARY OF BLIGHTING FACTORS & CONCLUSION

Section IV.A. Summary of Blighting Factors

The Redevelopment Plan Area suffers from numerous conditions that contribute to the existence of blight as set forth in Chapter 353. Evidence to establish the existence of a blighted area consists of factors such as [REDACTED]

[REDACTED] (3) deterioration of site improvements; and (4) insanitary and unsafe conditions. Each of these factors were documented and/or observed in the Redevelopment Plan Area.

[REDACTED]

Finally, insanitary or unsafe conditions were prevalent throughout the Redevelopment Plan Area. These conditions were documented during on-site surveys noting numerous safety issues, such as missing or damaged protective barriers to the freeway, homeless camps, improper street drainage, and properties which present a danger to the public due to lack of repair. Additionally, there is a high volume of billboards in the area which adds to the overall insanitary condition of the Redevelopment Plan Area, of which, none are listed as in conformity with State standards. Other threats to public health are evident in the environmental hazards identified in the area, as described in detail in Section II.A.2.ii. above.
