Re: **CLD-FnPlat-2023-00035** - A request to approve a Final Plat in Districts UR (Urban Redevelopment) and M1-5 (Manufacturing) on about 315 generally located at the northeast corner of Northeast Parvin Road and North Arlington Ave creating one lot and one tract for an industrial development.

Dear Nelson Willoughby:

At its meeting on January 23, 2024, the City Plan Commission acted as follows on the above-referenced case.

Recommend Approval with Conditions

The Commission's action is only a recommendation. Your request must receive final action from the proceeding to next step. All *conditions imposed by the Commission*, if any, *are available on the following page(s)*.

PLEASE READ CONDITIONS CAREFULLY as some or all of the conditions imposed may require action on your part to proceed to the next step.

- If revised plans are required, you must make such revisions and upload the revised plans prior to proceeding to final action.
- If revised plans are not required, your request will automatically be submitted for proceeding to next step consideration.

If you have any questions, please contact me at matthew.barnes@kcmo.org or (816) 513-8817.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew Barnes".

Matthew Barnes
Planner

Condition(s) by City Planning and Development Department. Contact Matthew Barnes at (816) 513-8817 / matthew.barnes@kcmo.org with questions.

1. The developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that street trees have been installed in accordance with the approved street tree planting plan and are healthy prior to Certificate of Occupancy.
2. The developer shall secure approval of a street tree planting plan from the City Forester and plant according to said plan prior to recording the final plat.
3. That prior to submitting documents for final approval the applicant upload Paid Tax Receipts for the most recent applicable year.
4. That prior to submitting documents for final approval the applicant update the plat to reflect the correct City Plan Commission Date, Ordinance Number, and Council Approval Date by utilizing the revised City Signature Block and insert Case No. CLD-FnPlat-2023-0035.
5. That prior to submitting documents for final approval the applicant ensure that the Title Report is current within 90 days or submits an updated Title Report.
6. That prior to recording of the Final Plat the applicant must gain final approval of the stream buffer easement from Water Services.

Condition(s) by City Planning and Development Department. Contact Terry Thomas at (816) 513-2510 / Terry.A.Thomas@kcmo.org with questions.

7. The developer shall submit plans for grading, siltation, and erosion control to Land Development Division for review and acceptance, provide a copy of the SWPP plan submitted to MDNR and secure a Site Disturbance permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.
8. The developer shall secure permits to extend public sanitary and storm water conveyance systems to serve all proposed lots within the development and determine adequacy of receiving systems as required by the Land Development Division, prior to recording the plat or issuance of a building permit whichever occurs first.
9. The developer shall pay impact fees as required by Chapter 39 of the City's Code of ordinances as required by the Land Development Division.
10. The developer shall submit verification of vertical and horizontal sight distance for the drive connection to public right-of-way to the Land Development Division and make improvements to ensure local jurisdiction and/or minimum AASHTO adequate sight distance standards are met, prior to issuance of any certificate of occupancy.
11. The developer shall cause the area to be platted and processed in accordance with Chapter 88, Code of Ordinances of the City of Kansas City, Missouri.
12. The developer shall enter into a covenant agreement for the maintenance of any stormwater detention area tracts as required by the Land Development Division, prior to recording the plat.
13. The developer shall submit a streetscape plan for approval and permitting by the Land Development Division prior to beginning construction of the streetscape improvements in the public right of way, and construct ADA compliant ramps at all required locations where new private drives are being added, or where existing sidewalks are modified or repaired.
14. The developer shall submit a Macro storm drainage study with the first Plat or Phase, from a Missouri-licensed civil engineer to the Land Development Division showing compliance with current adopted standards in effect at the time of submission, including Water Quality BMP's, to the Land Development Division for review and acceptance for the entire development area, and submit Micro storm drainage study with each subsequent Plat or Phase showing compliance with the approved Macro and adopted standards. The developer shall secure permits to construct any improvements as necessary to mitigate impacts from rate, volume, and quality of runoff from each proposed phase, prior to recording the plat or prior to issuance of a Building Permit, whichever occurs first as required by the Land Development Division.

Condition(s) by Water Services Department. Contact Lucas Kaspar at (816) 513-2131 / Lucas.Kaspar@kcmo.org with questions.

15. The developer shall submit a final stream buffer plan to the Land Development Division for approval prior to issuance of any building permits and obtain permits for the Stream Buffer prior to removal of any mature riparian species within the buffer zones due to construction activities on the site, in accordance with the Section 88-415 requirements.
16. The developer must grant on City approved forms, a STREAM BUFFER Easement to the City, as required by Chapter 88 and Land Development Division, prior to issuance of any stream buffer permits.
17. The developer must obtain a floodplain certificate from Development Services prior to beginning any construction activities with the floodplain.
18. The developer must show the limits of the 100-year floodplain on the final plat and show the Minimum Low Opening Elevation (MLOE) of any structure on each lot that abuts a 100-year flood prone area (including detention basins and engineered surface drainage conveyances) on any plat and plan, as required by the Land Development Division.
