Good morning Ms. Moore. I am one of the attorneys with the Chief Counsel's Office and I can address your question regarding our position on the City of Kansas City's recent hearing regarding their outdoor advertising regulations. The Department is aware that the City is considering this change, as indicated by the statement of the City Planning Commission. Also, we take no position either in favor of, or opposing, the City's decision on this matter.

Please let me know if you have any further questions at this time. Thank you.

Jason Saey

Assistant Chief Counsel - Project Development

Missouri Highways and Transportation Commission

105 W. Capitol Avenue

Jefferson City, Missouri 65101
