Ordinance Fact Sheet

210692
Ordinance Number

Brief Title	Approval Deadline
Amendments to the Public Works Standards and Design Criteria	

Reason
Update Public Works Standards.

Details

Reason for Legislation

Accepting the recommendations of the Public Works Standards Committee regarding certain amendments to the Public Works Standards and Design Criteria to be used in the construction of public improvements and the development of land or subdivision plats. That the recommendations of the Public Works Standards Committee concerning amendments to the Public Works Standards and Design Criteria are hereby accepted and the amended Section Section 2100 – Clearing and Site Preparations of the Division II Construction and Material Specification, Street Cut Restoration standard drawing number SR-1 Criteria are hereby adopted and will become effective on September 13, 2021

Discussion

The proposed changes include adopting changes to require full lane width on repairs in the pavement.

Is it good for the children? Yes

How will this contribute to a sustainable Kansas City?
These standard changes will provide for the construction of high quality, durable infrastructure that will require less maintenance, result in a longer useful life.

Details

Section 88-590 and 88-605 of the Zoning and Development Code governs the Public Works Standards Committee for the purpose of promulgating engineering and construction specifications and standards for proper development of the City.

The Committee prepared these proposed standard changes and public feedback was then solicited and considered at a public hearing on May 17, 2021. The committee then voted on August 9, 2021, to recommend adoption of the proposed changes to Section 2100 – Clearing and Site Preparations of the Division II Construction and Material Specification, Street Cut Restoration standard drawing number SR-1 with an effective date on September 13, 2021.
