WHEREAS, the project serves a predominantly public municipal purpose because, without limitation, completion of the project (i) enhances the tax base of the Project Site; (ii) retains and generates jobs; (iii) promotes economic development in the area of the City in which the Project Site is located, and promotes consideration of areas of the City that the City Council has determined to be blighted as a location for business operations; (iv) results in generation of tax revenues to the City from the conduct of business and other activities in the City that would otherwise occur; (v) serves as a catalyst for additional investment in and further redevelopment and rehabilitation of the area of the City in which the Project Site is located; and (vi) furthers the City's policy of encouraging economic stability and growth; and

WHEREAS, the City desires to encourage the Developer to carry out the project for the purpose of realizing these predominantly public purposes by entering into an agreement to contribute certain revenues in an amount needed to cause the project to be undertaken and attract the necessary private investment; and

WHEREAS, the rehabilitation of ten houses has been completed, with five more houses yet to be completed; and

WHEREAS, the new contract will allow for \$40,000.00, of the remaining Maintenance Reserve Fund balance on account with the disbursement agent, to be used for support program management rather than an inspector budget line item; and

WHEREAS, contract expiration necessitates the execution of a new funding agreement for use of remaining dollars; and
